

- de avonturen van REDRAT -

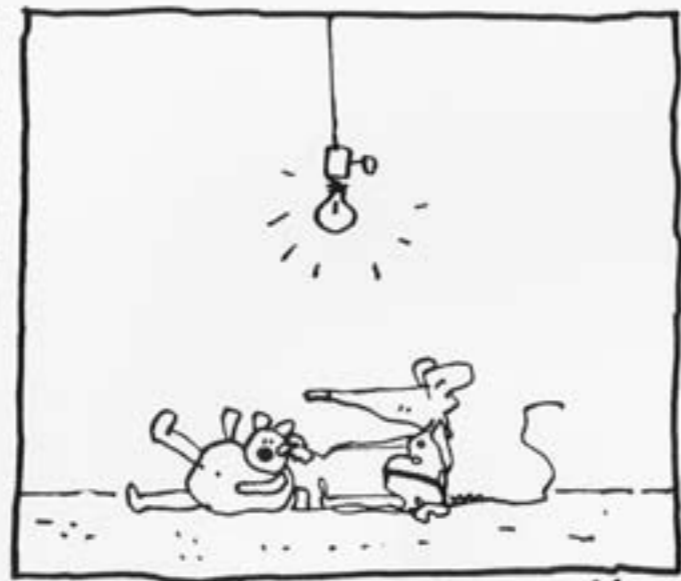

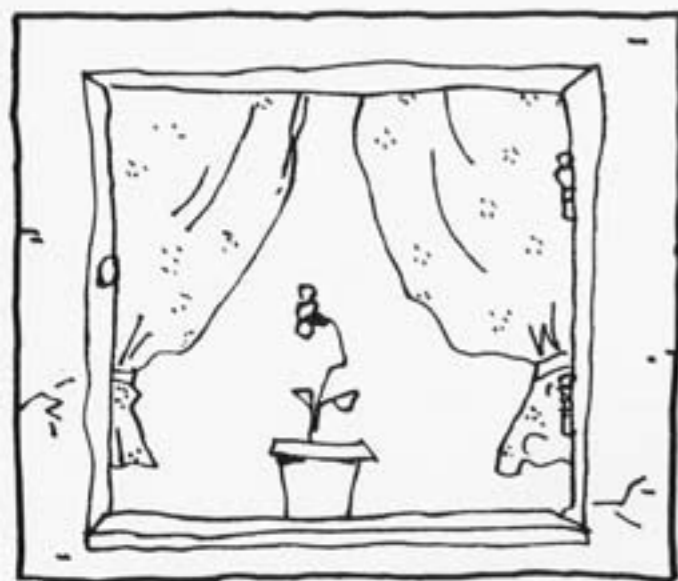

- deel 1 -

„de feestdag.“

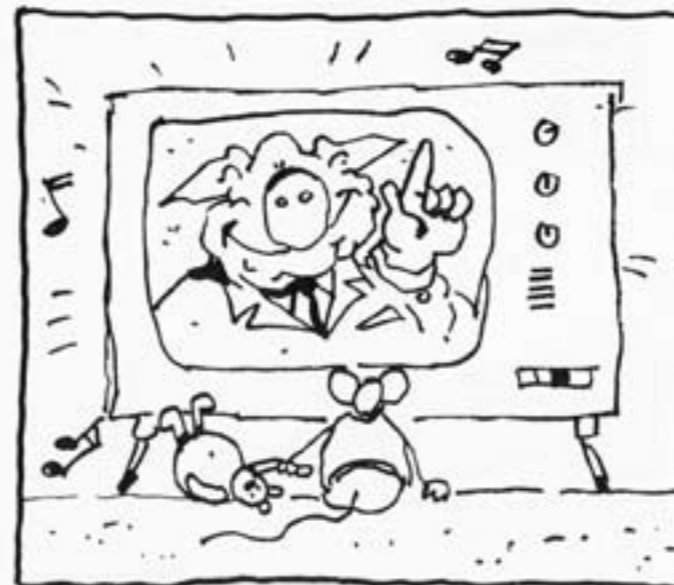

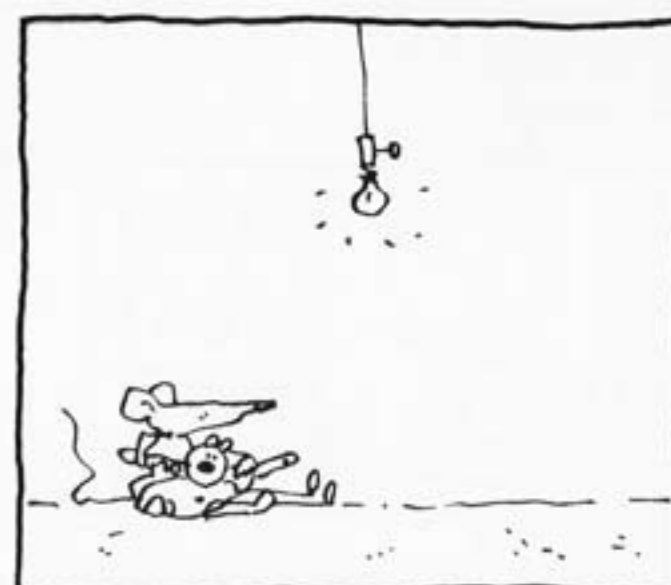

ja daar, achter dat raam groeit onze kleine held „rat“ op.

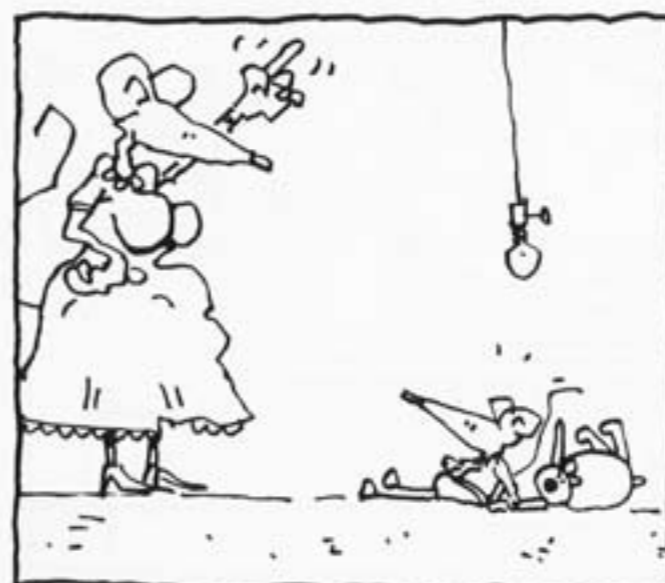

hij geniet daar van ten zorgeloze jeugd.

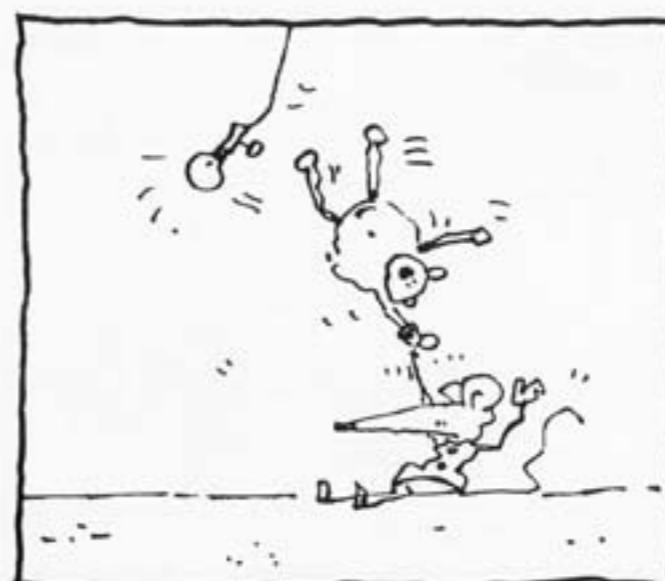

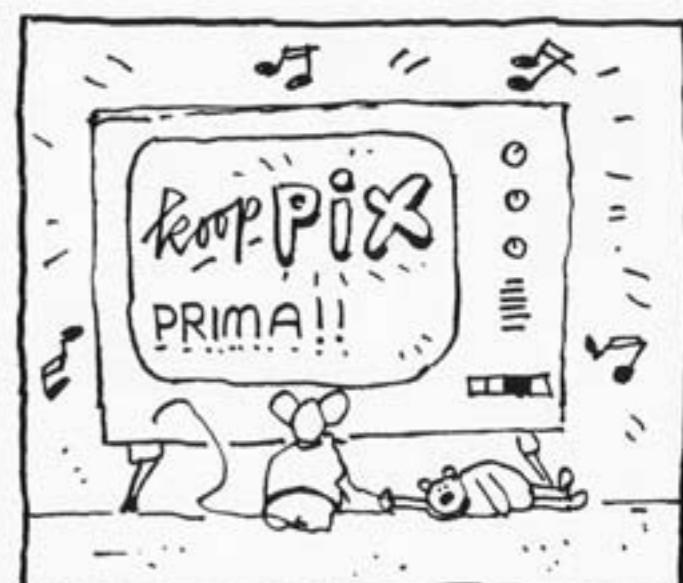

rat kijkt t.v.

speelt met z'n beer....

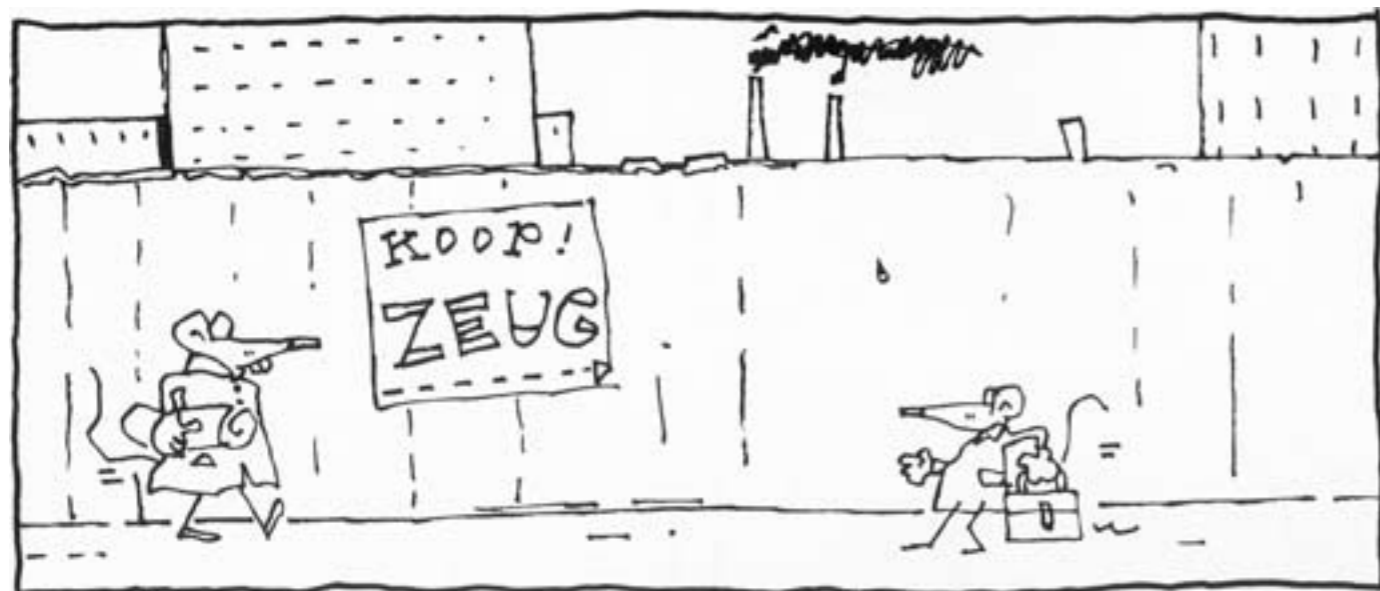

en leert van z'n moeder allerlei handige regeltjes voor later.

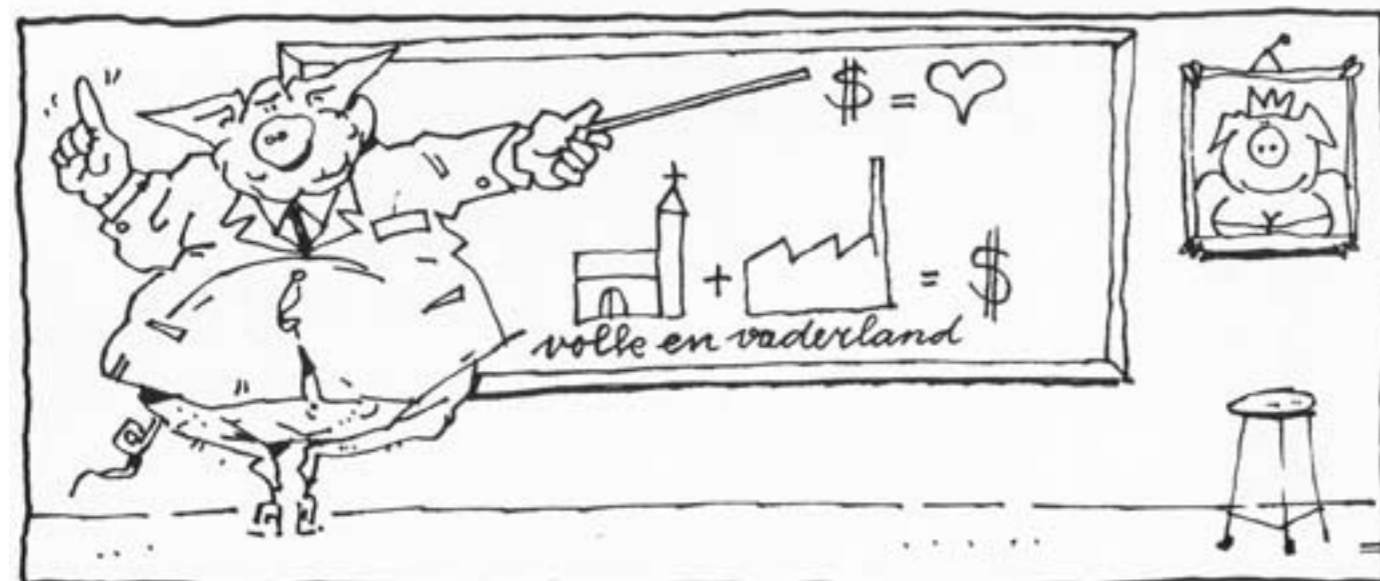

ook rat's vader draagt z'n steentje bij aan de opvoeding van z'n zoon.

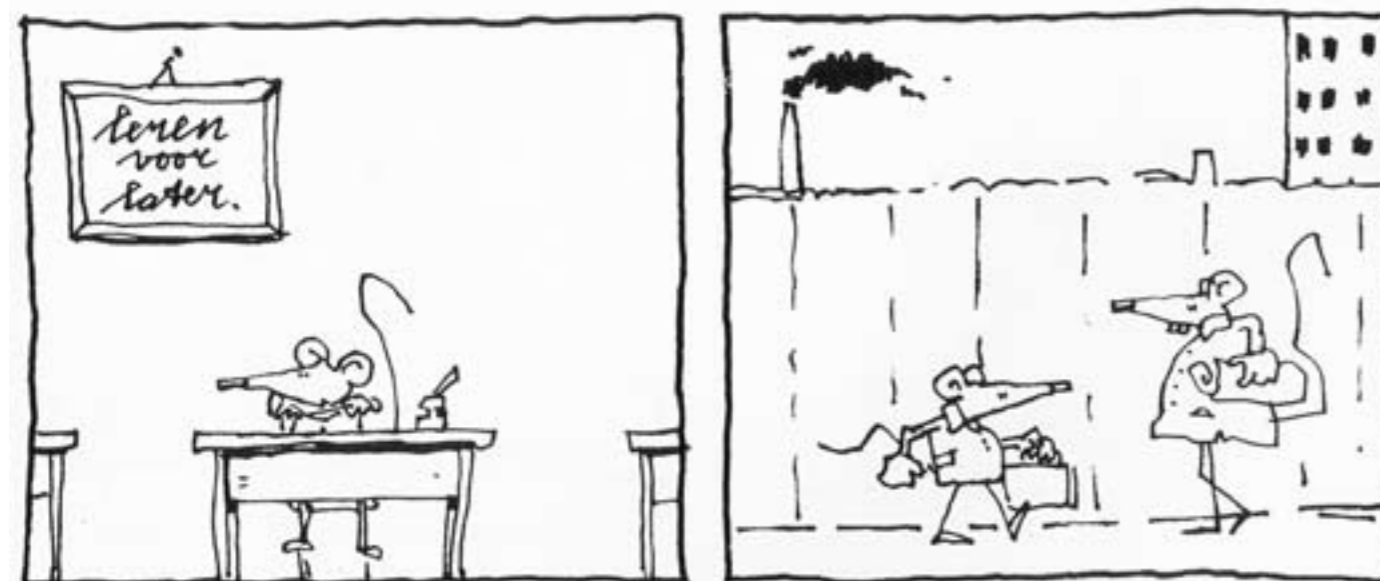

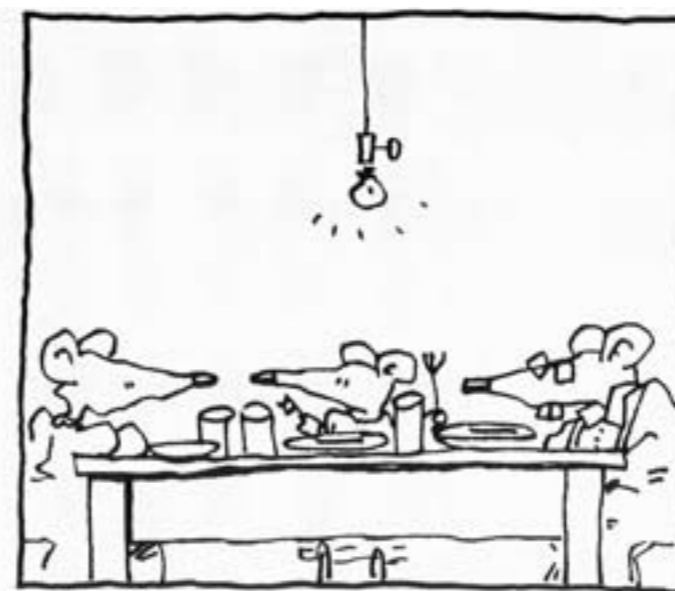

al snel is rat groot genoeg om naar school te mogen.

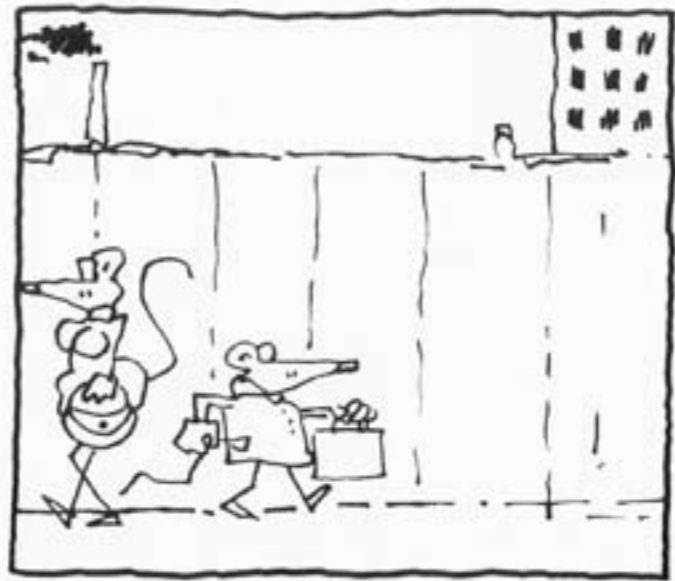

hij leert daar heel veel belangrijke dingen.

soms ook, moet rat nabijver-voor z'n eigen bestwil natuurlijk

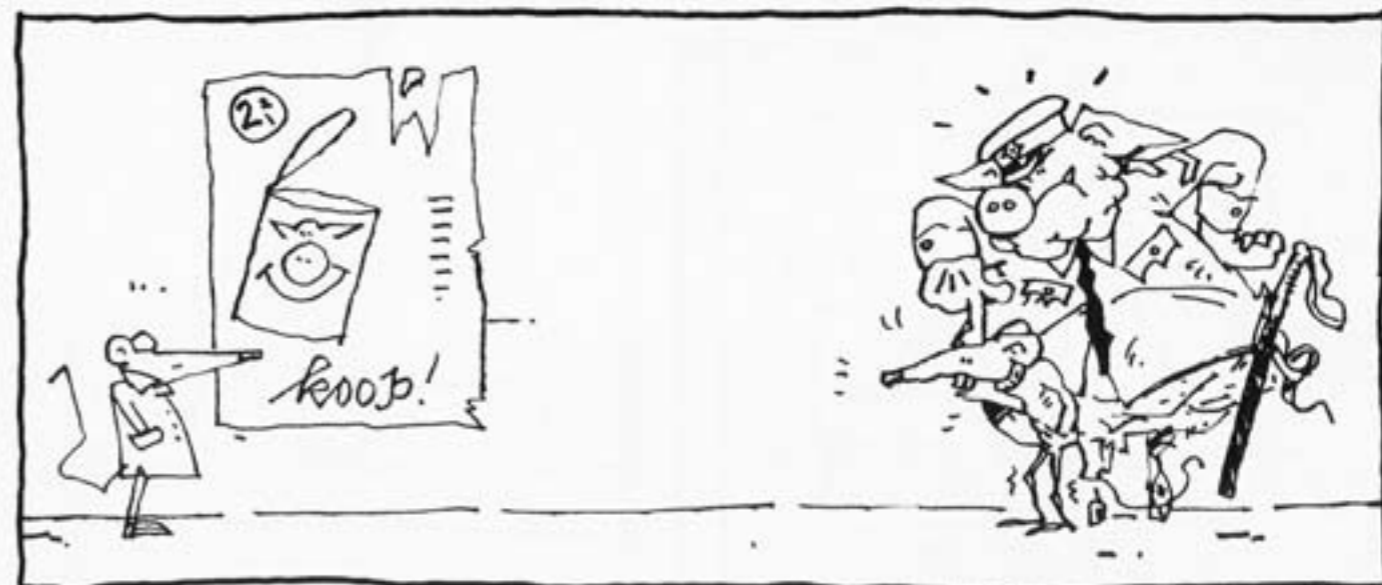

gelukkig jaren vliegen voorbij.

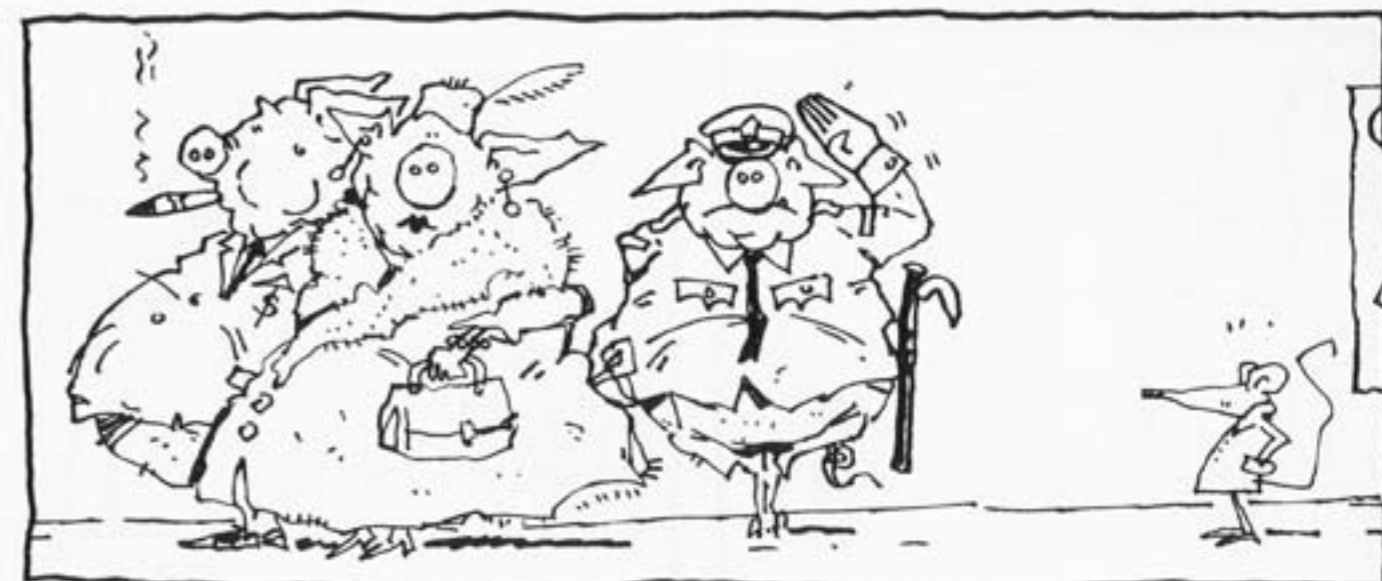

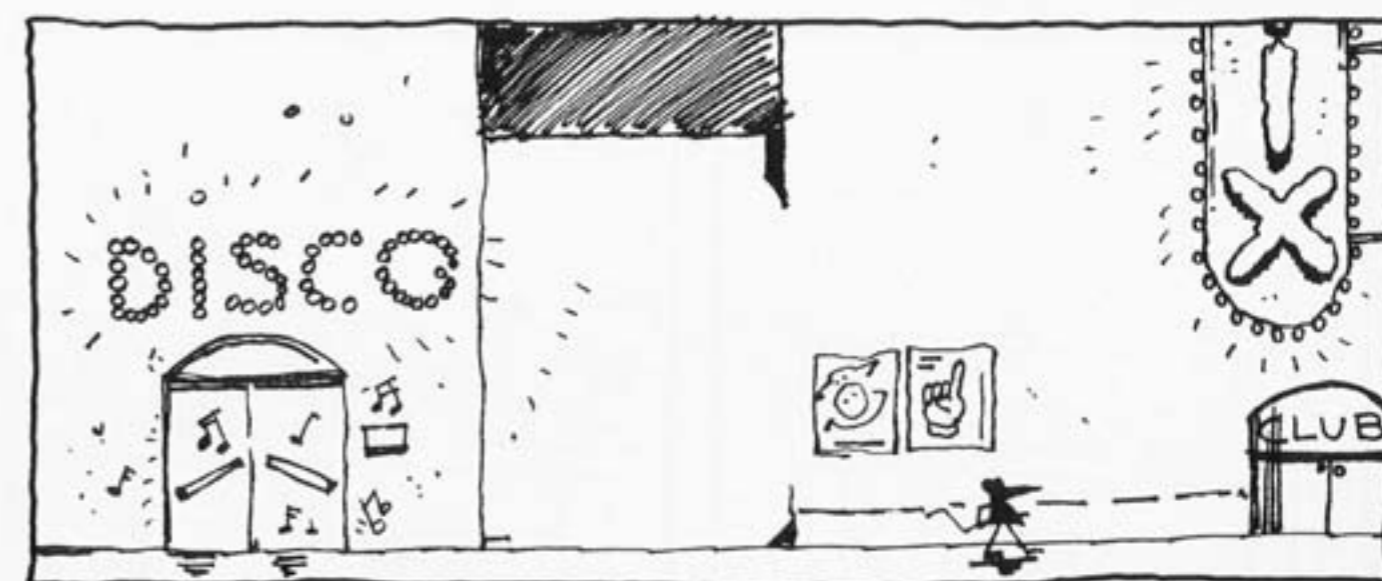

in 't weekend wandelt rat graag door het gezellige centrum van z'n geboorte-stad.

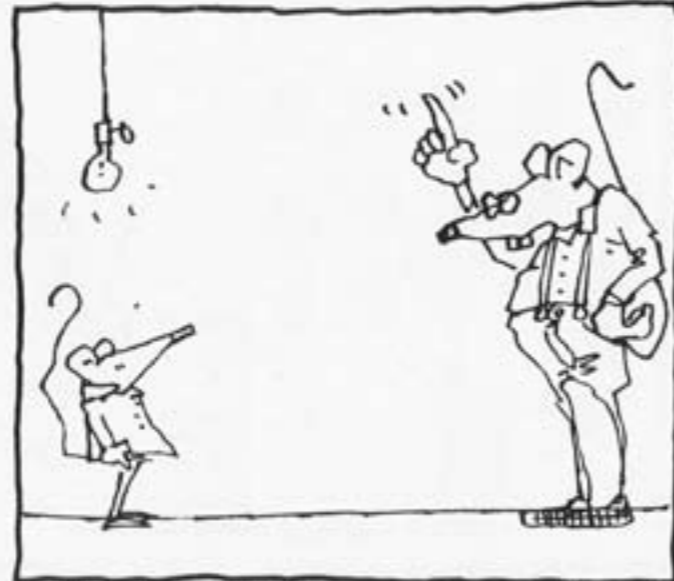

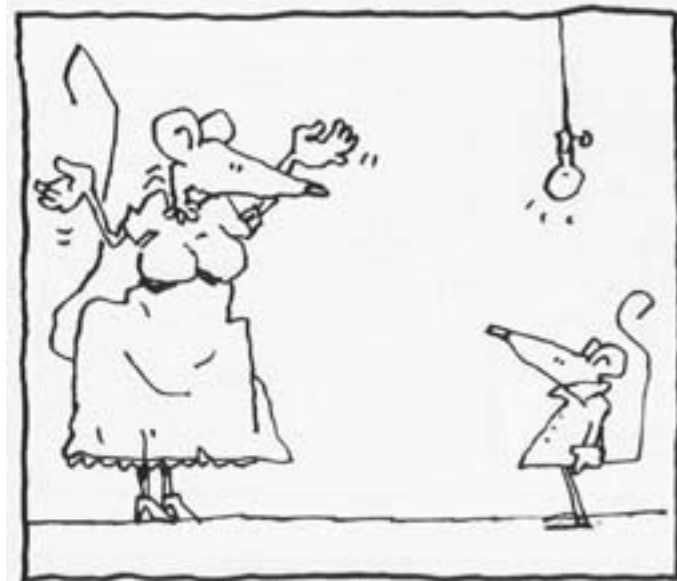

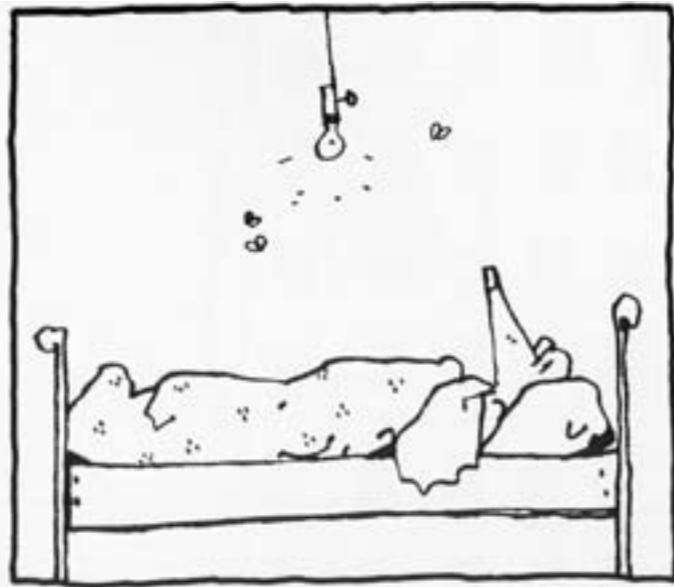

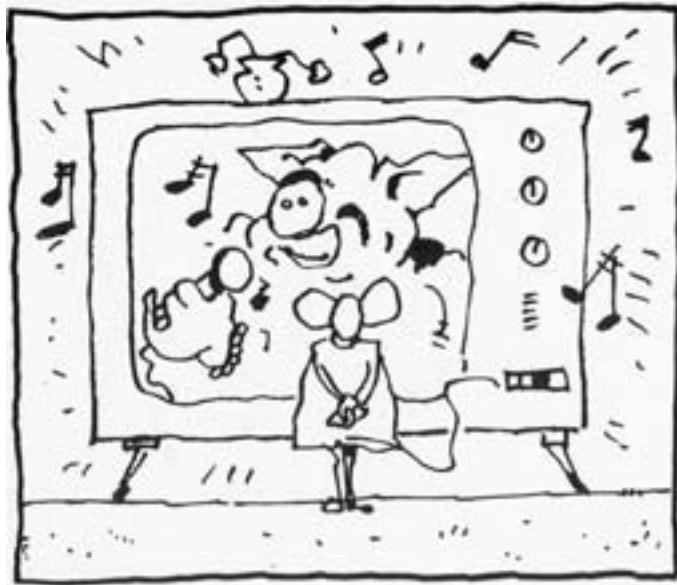

rat leert de arme.....

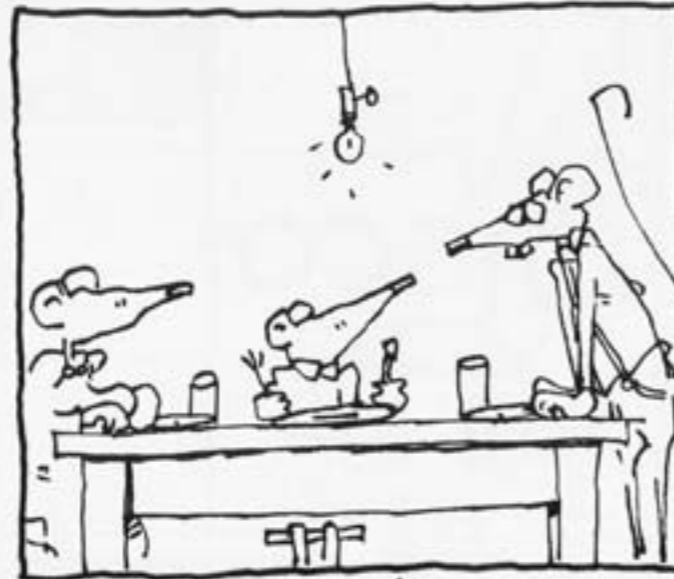

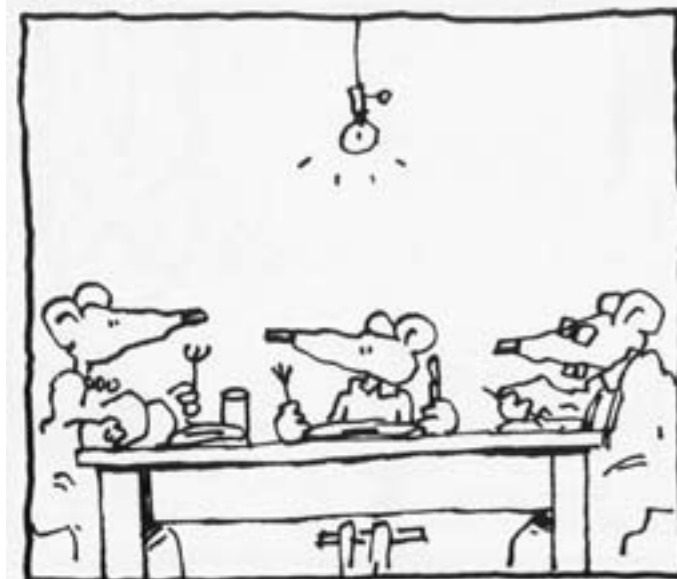

en de rijke buurten kennen.

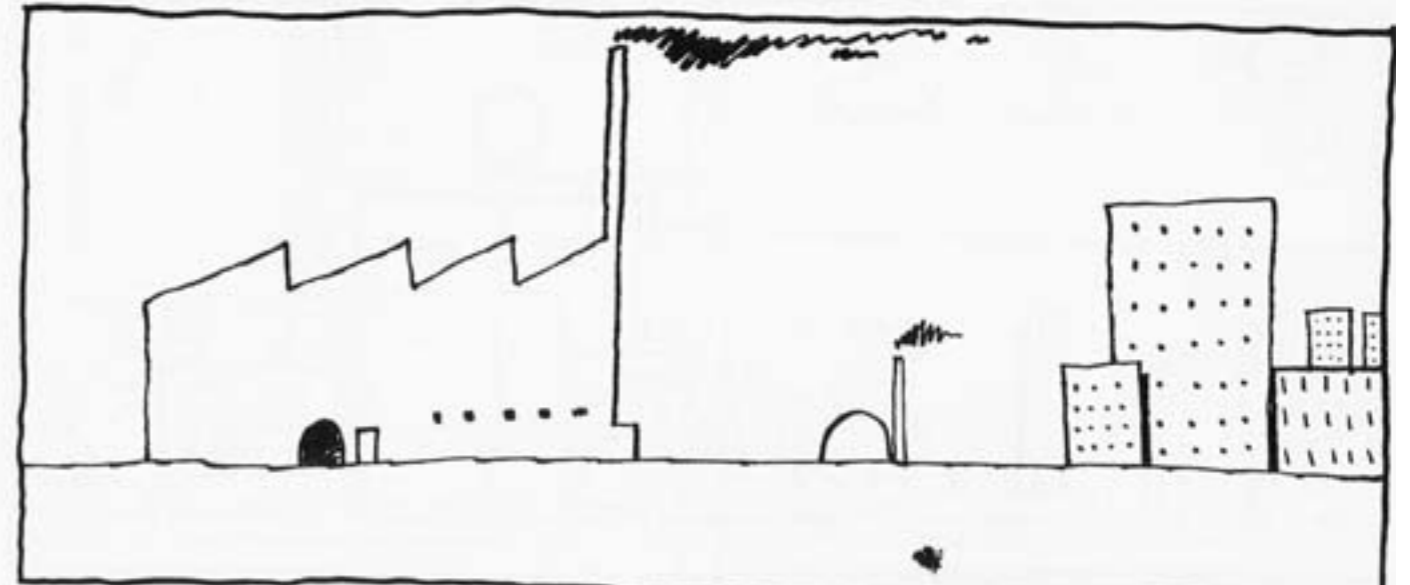

„Waarom bestaat er verschil tussen ratten en varkens?“

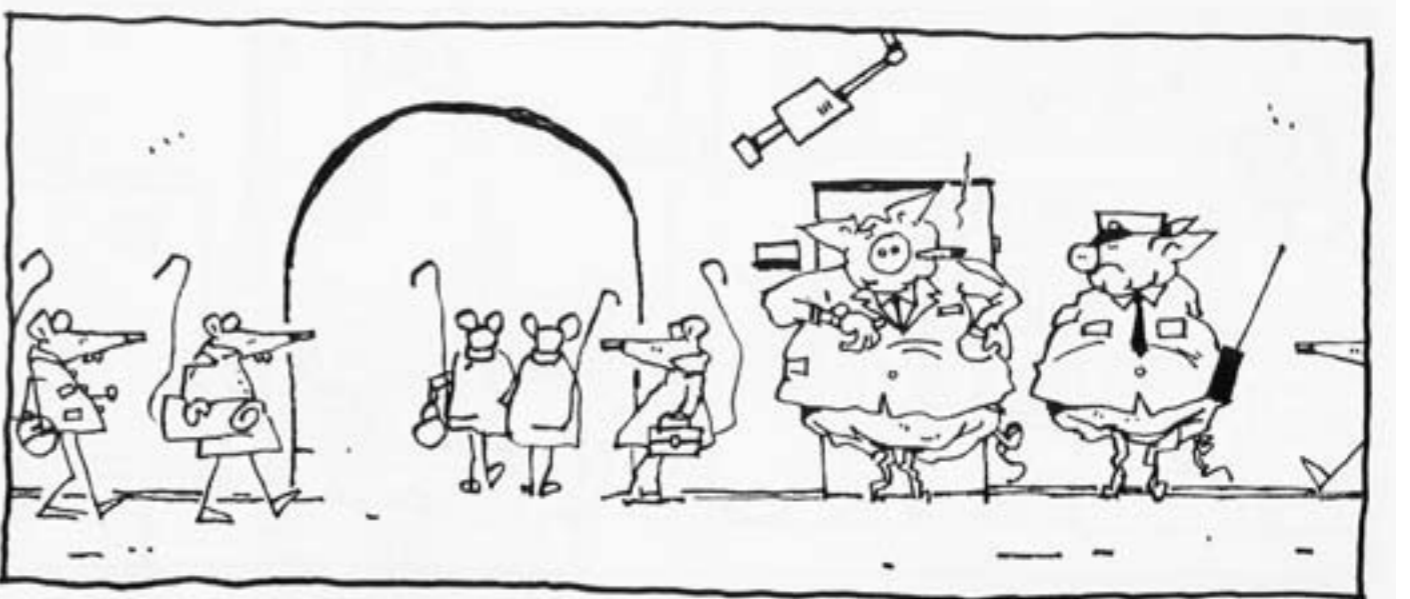

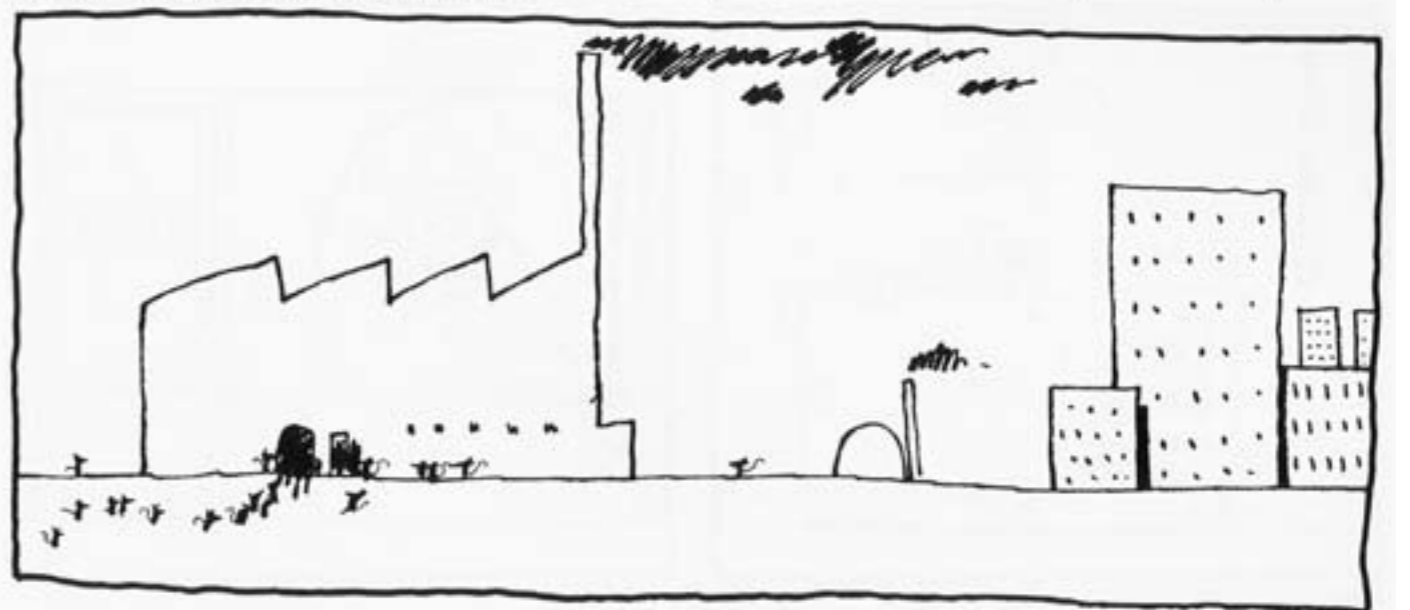

„dat is altijd zo geweest, knul.“

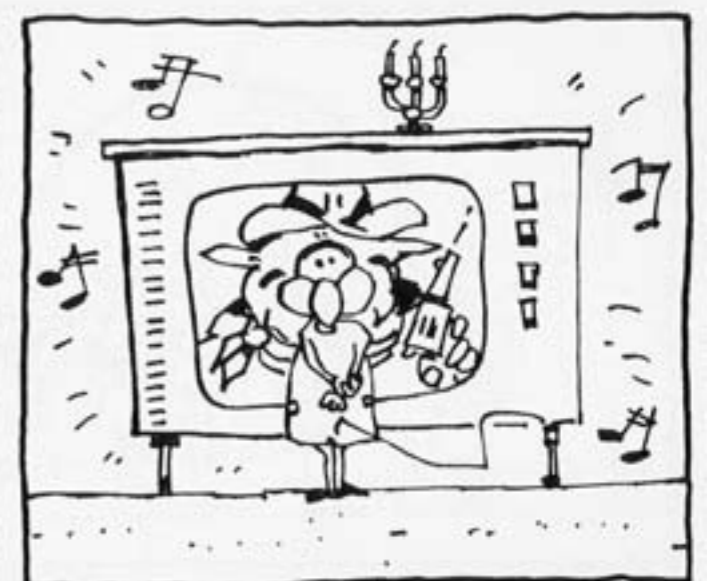

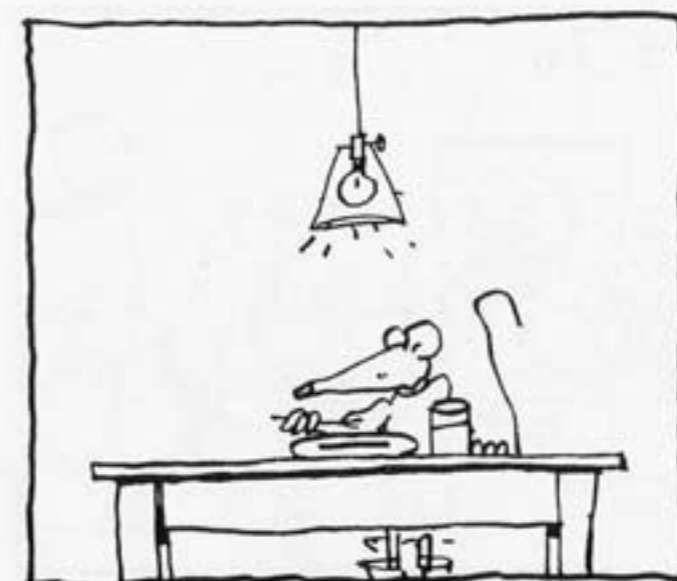

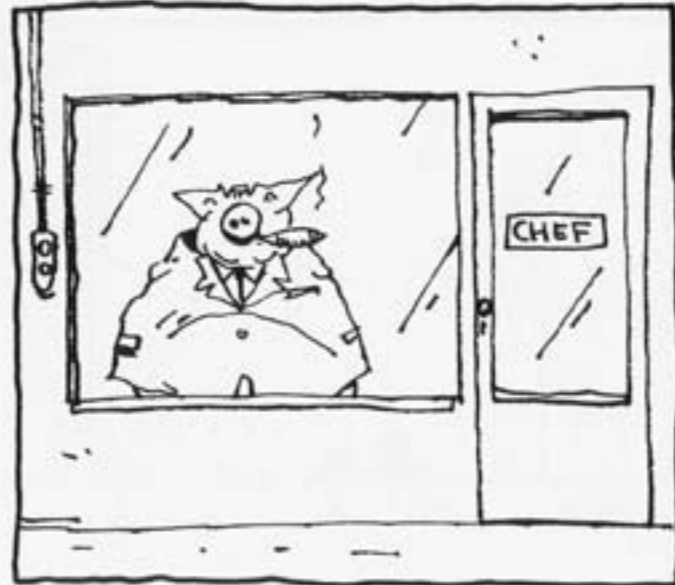

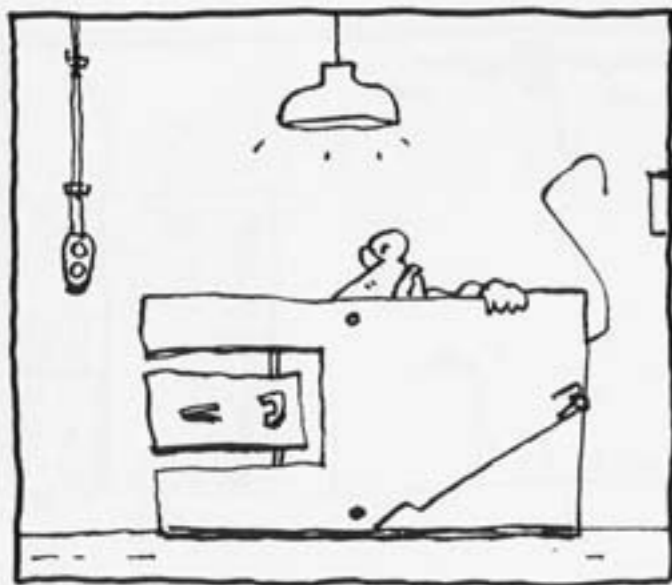

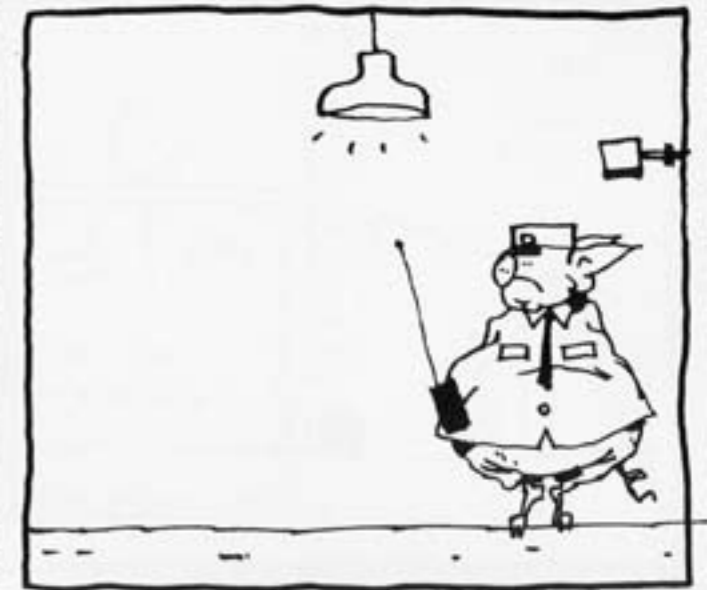

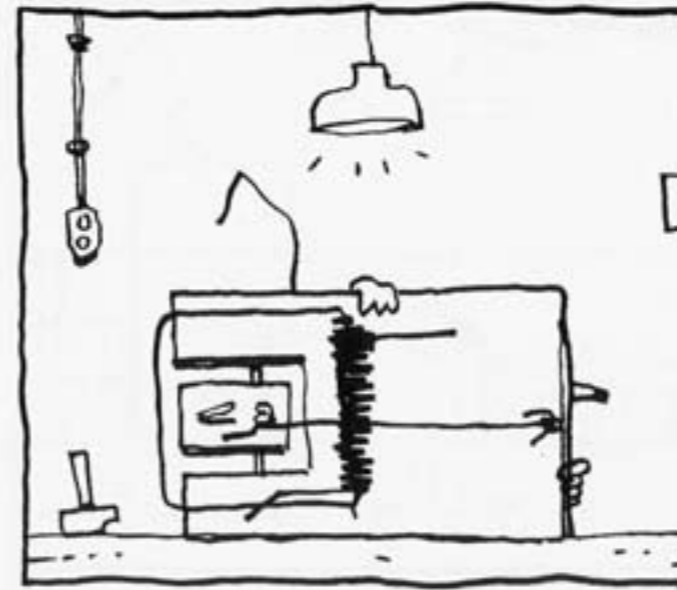

vader vindt 't tijd worden dat rat ten man wordt en gaat werken! = arbeid adelt! =

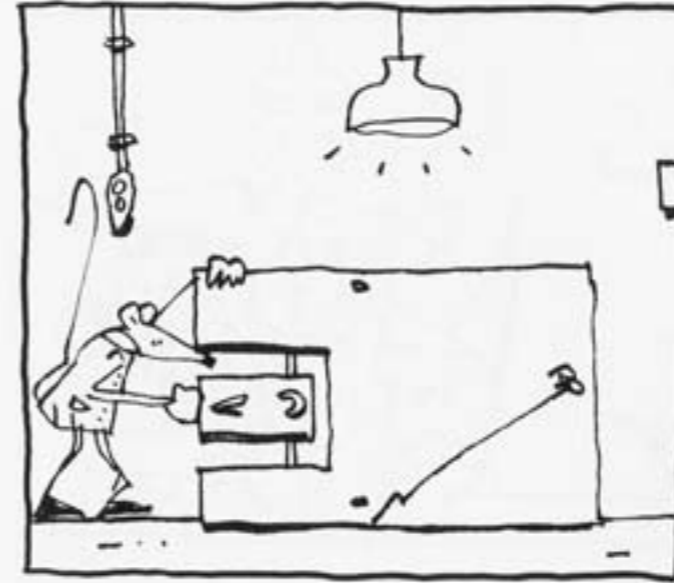

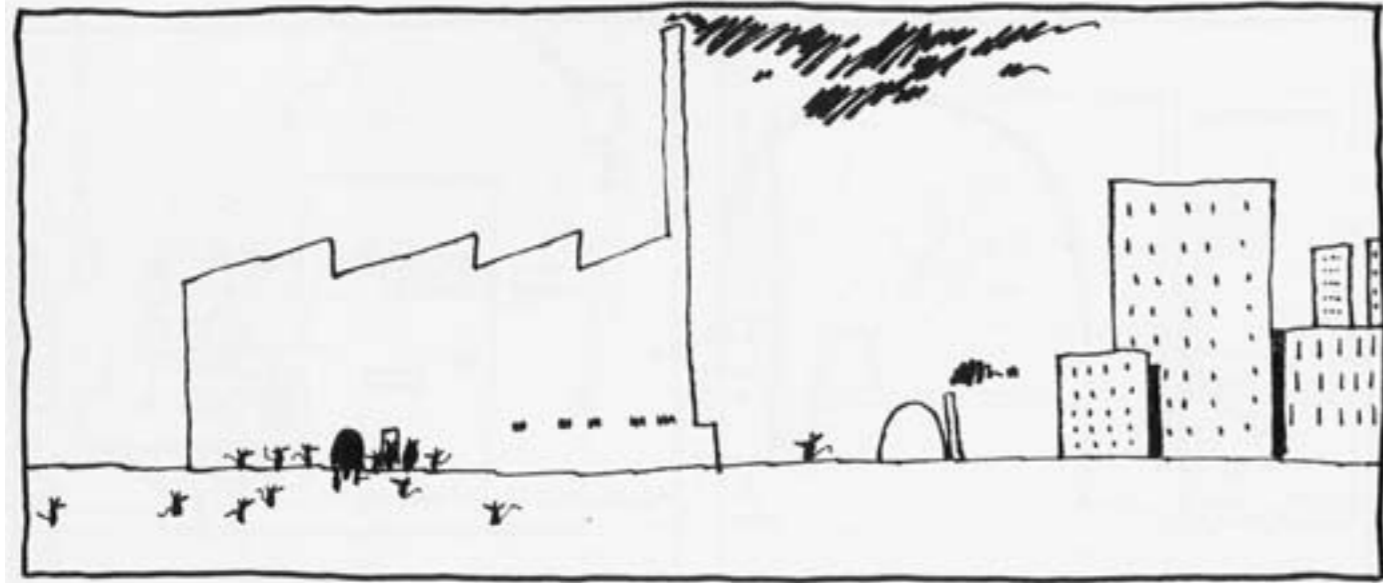

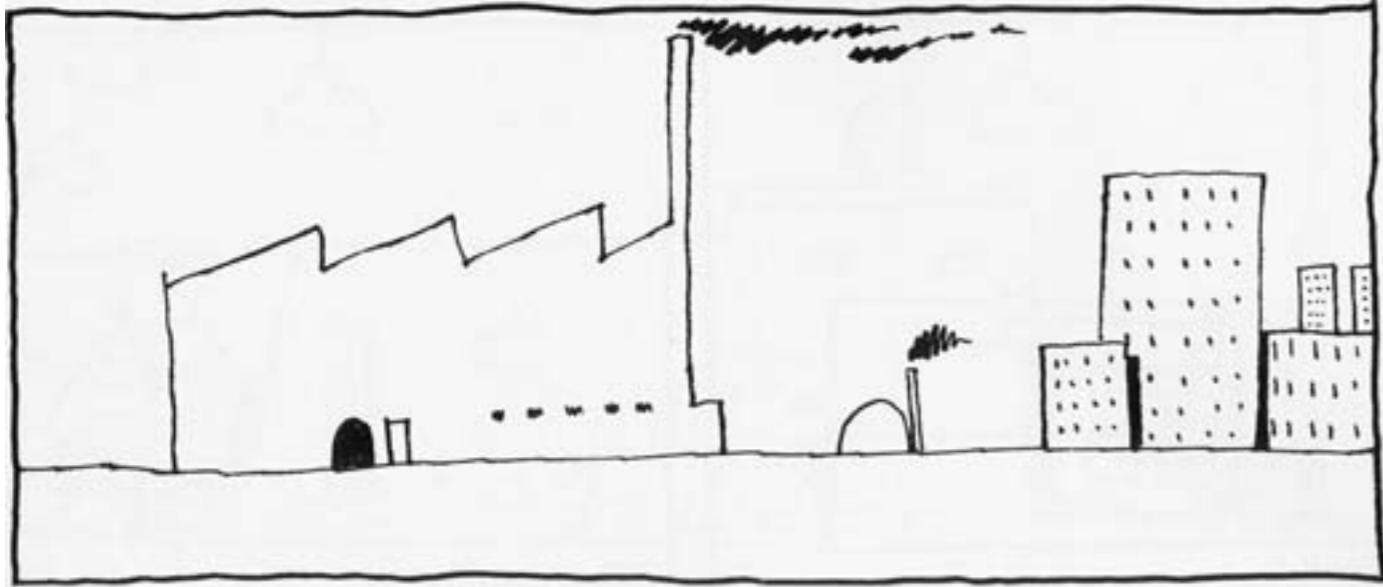

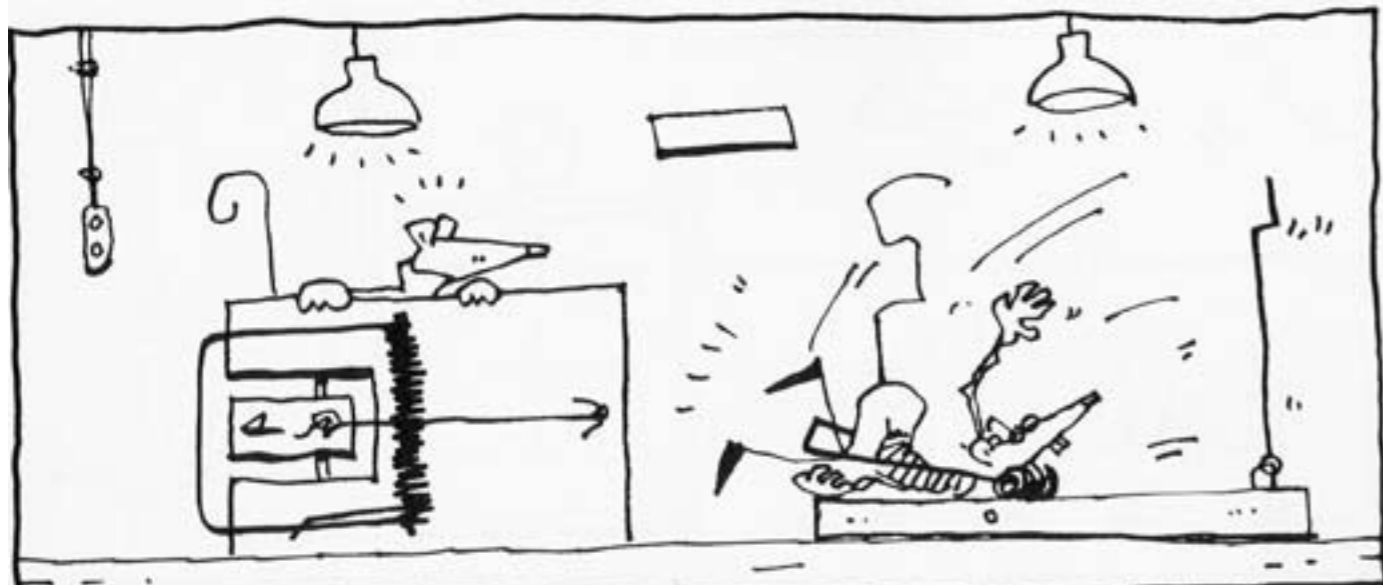

in deze prachtige fabriek mag rat zijn steentje bijdragen aan 's lands economie.

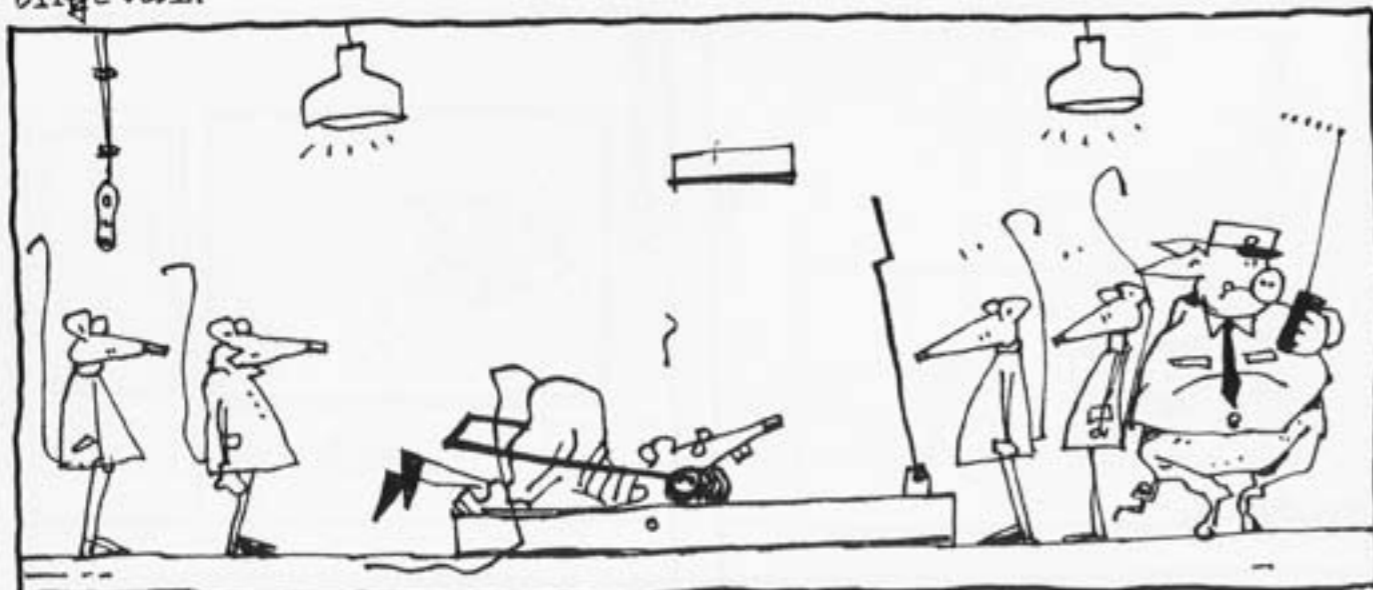

rat woont op zichzelf. hij is best tevreden, zo samen met
z'n zelfverdiende kleuren-t.v.

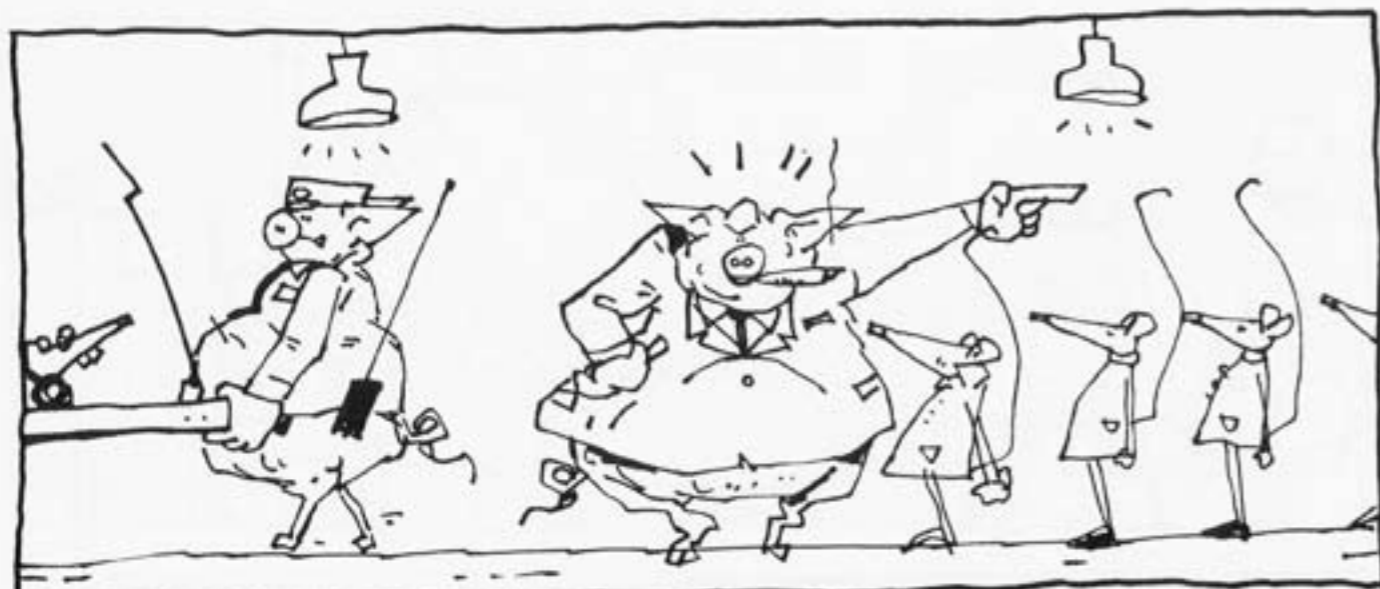

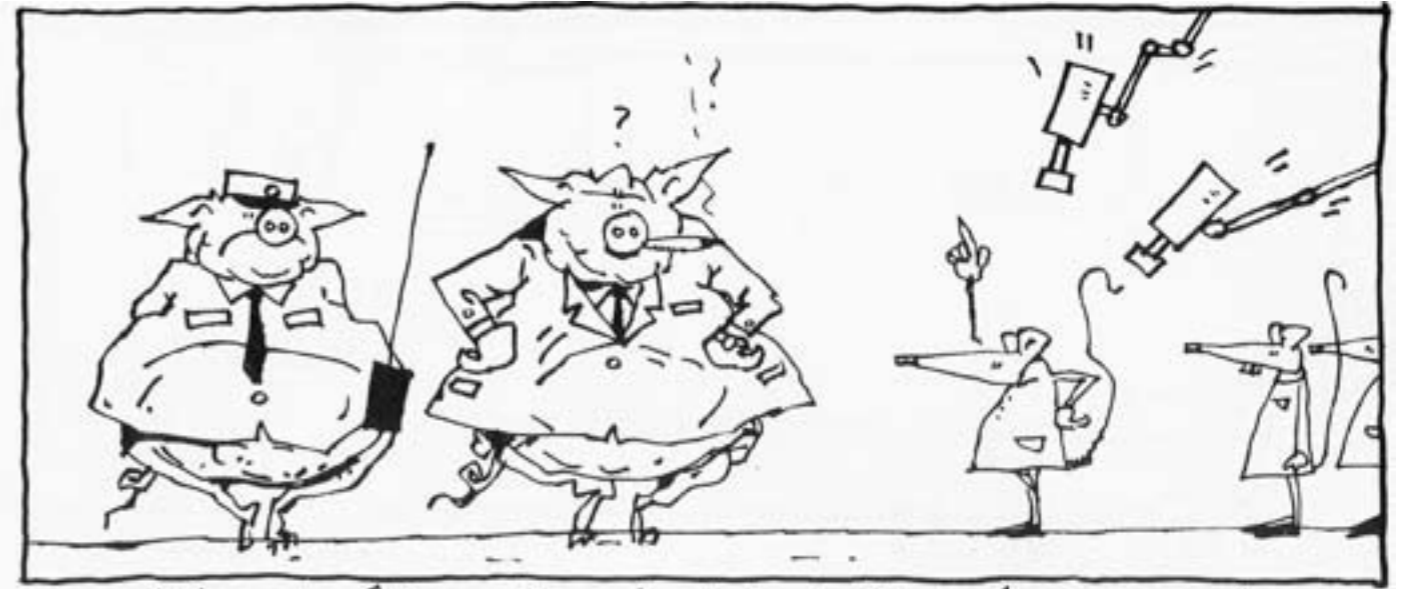

dan op een dag overkomt 'n collega van rat een bedrijfs-
ongeval.

vol schrik en afgrijsen kijken de arbeiders toe.

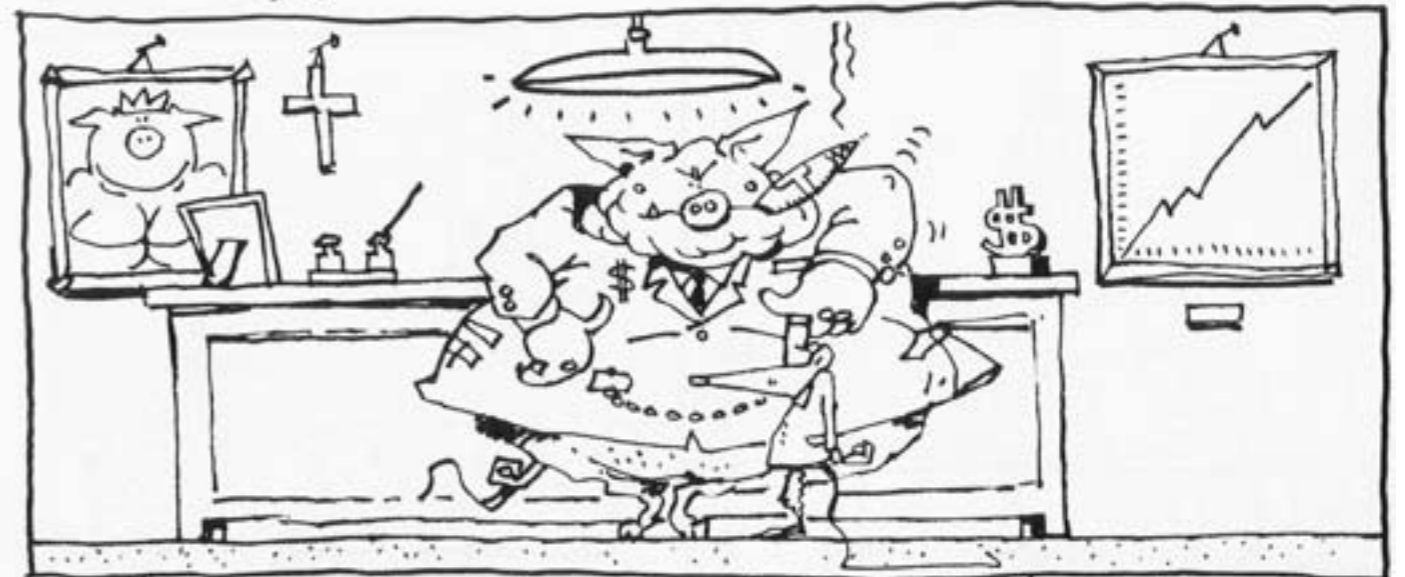

„dat kost tijd en geld!“

„mag ik misschien, als u 't goed vindt, a.u.b. vragen; hoe
komt dat ongeluk eigenlijk? me neer chef?“

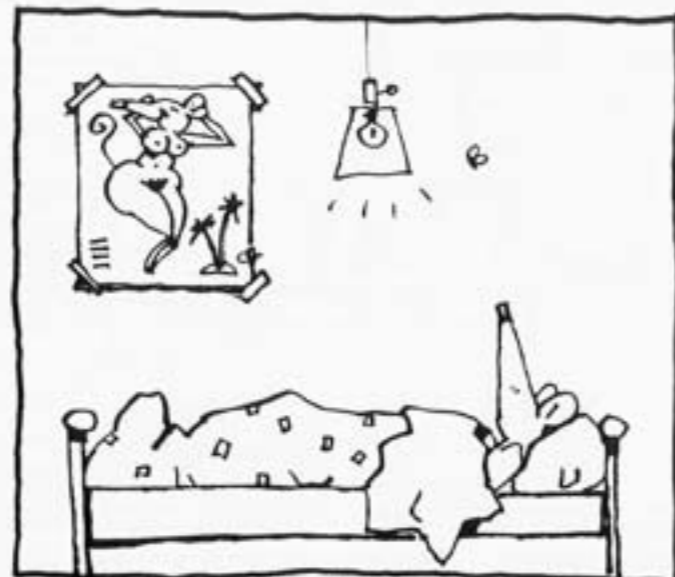

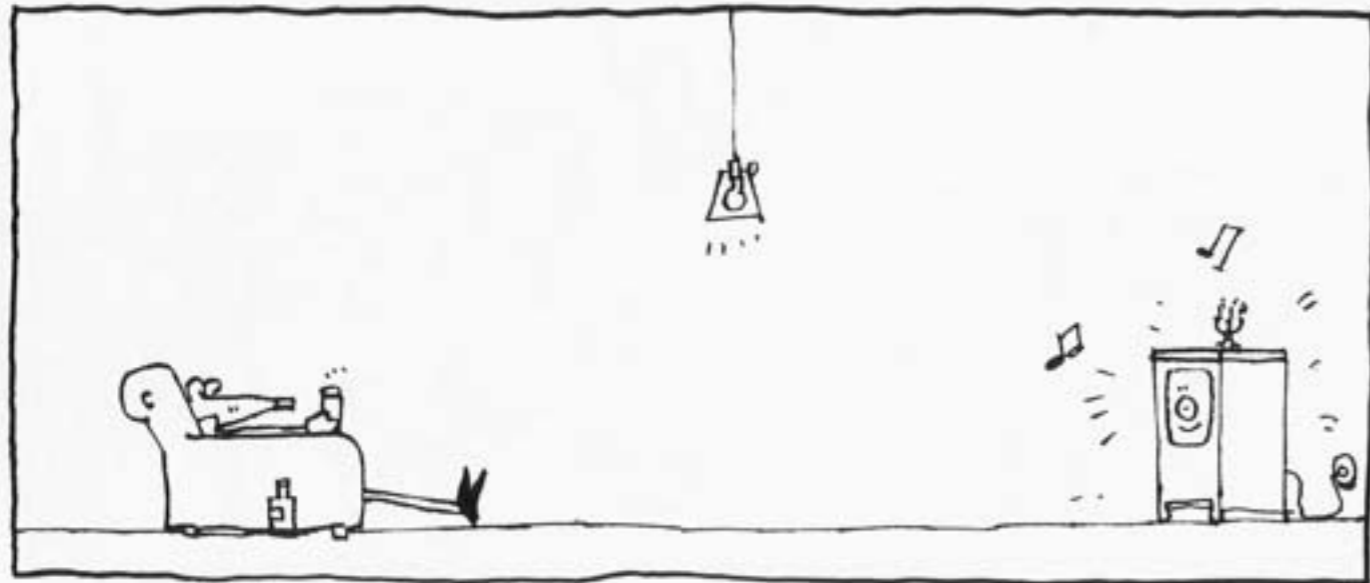

„wat? brutaal? - naar de directeur.“ rat heeft eigenlijk
al weer spijt.

„m'n bedrijf ondermijnen? m'n bedrijf wat ik met zoveel
moeite heb opgebouwd?“ rat wordt uiteraard ontslagen.

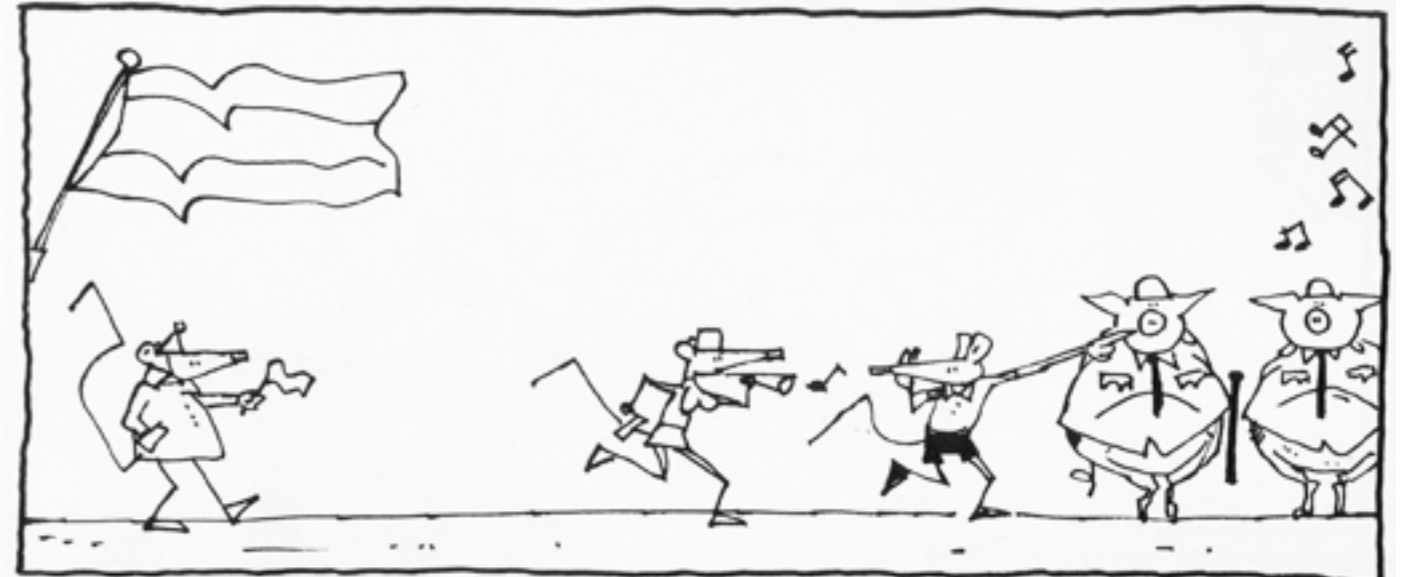

rat is werkeloos.

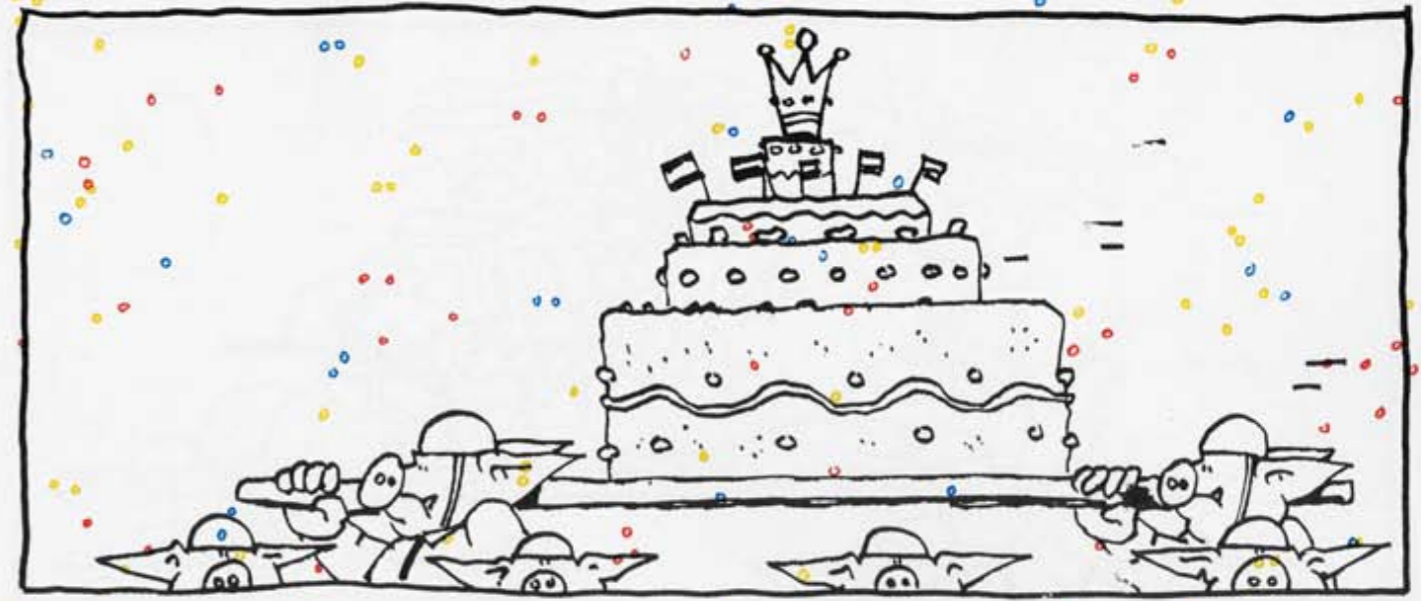

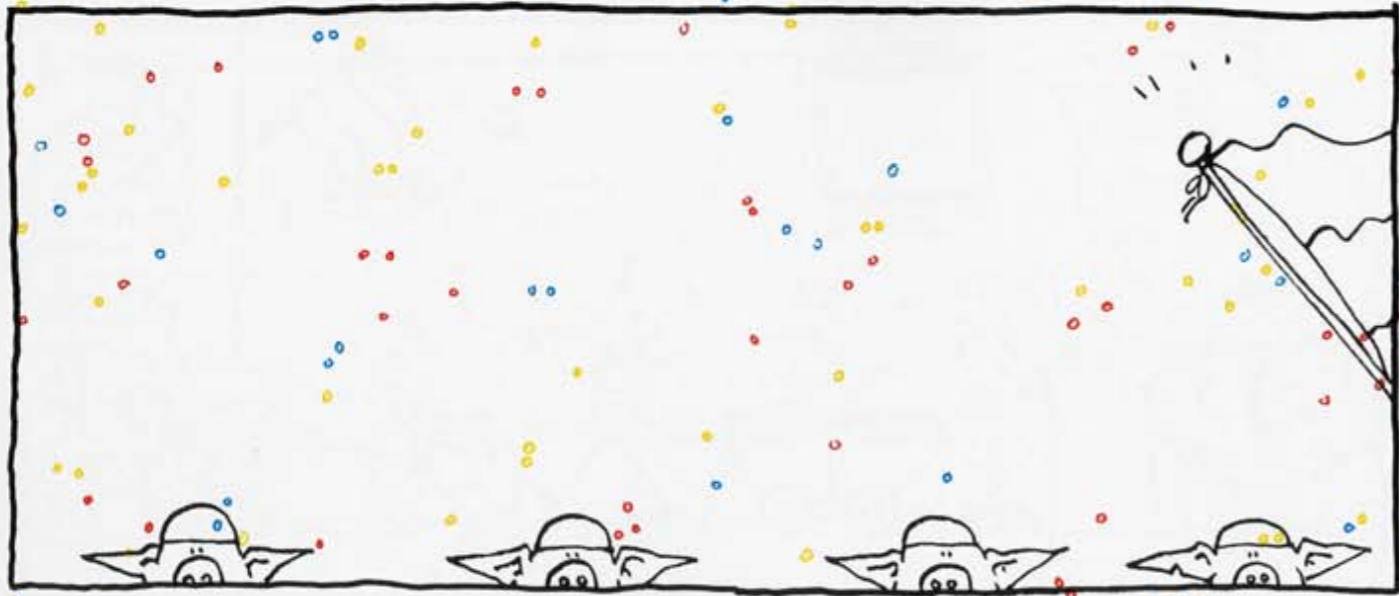

rat leest in de krant, dat er morgen feest in de stad zal zijn. koningin beapix wordt ingehuldigd. in bed denkt hij „ik ga kijken!“

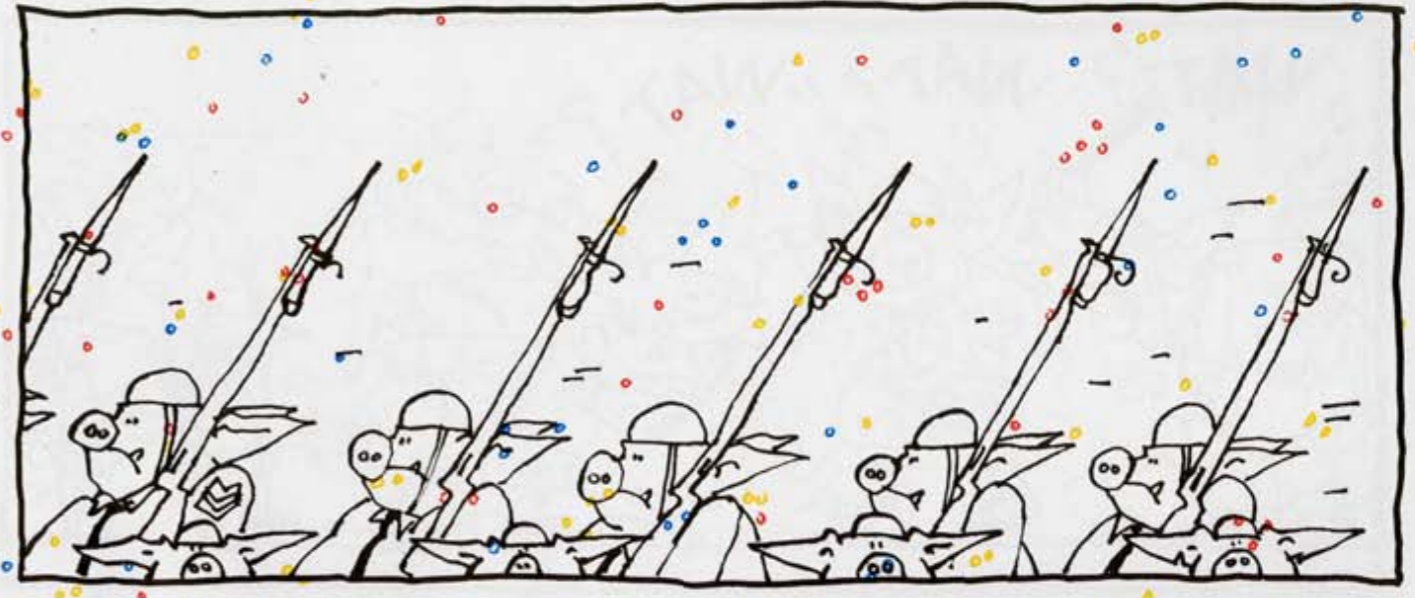

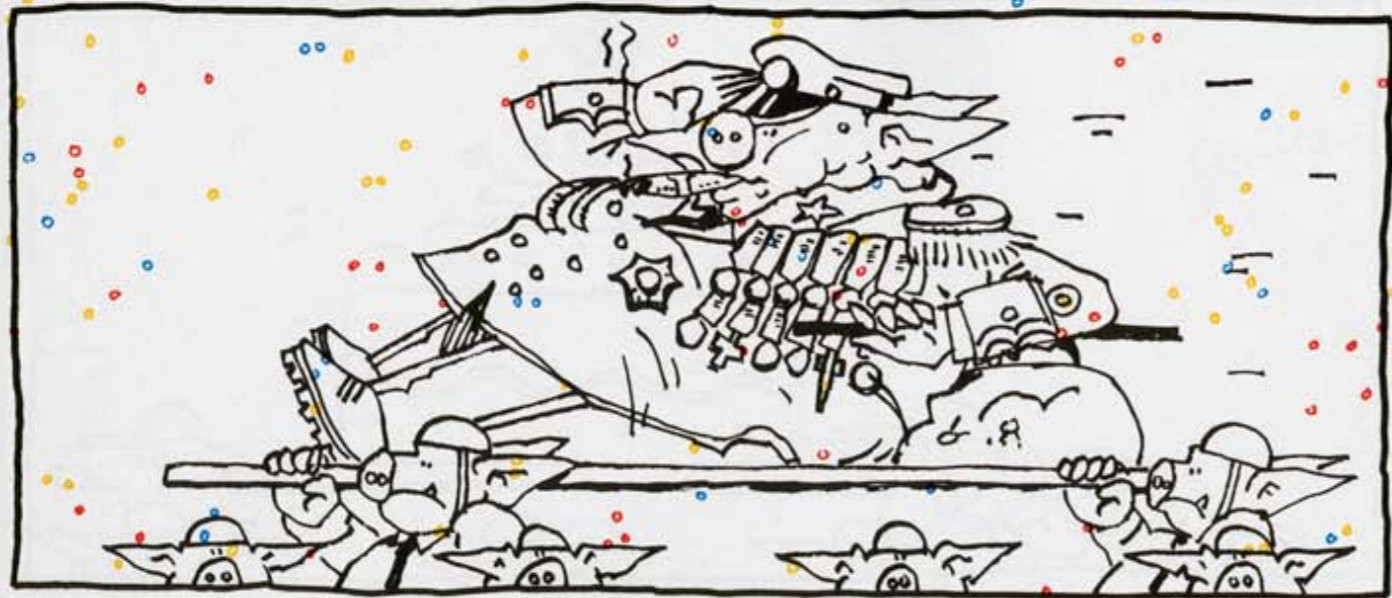

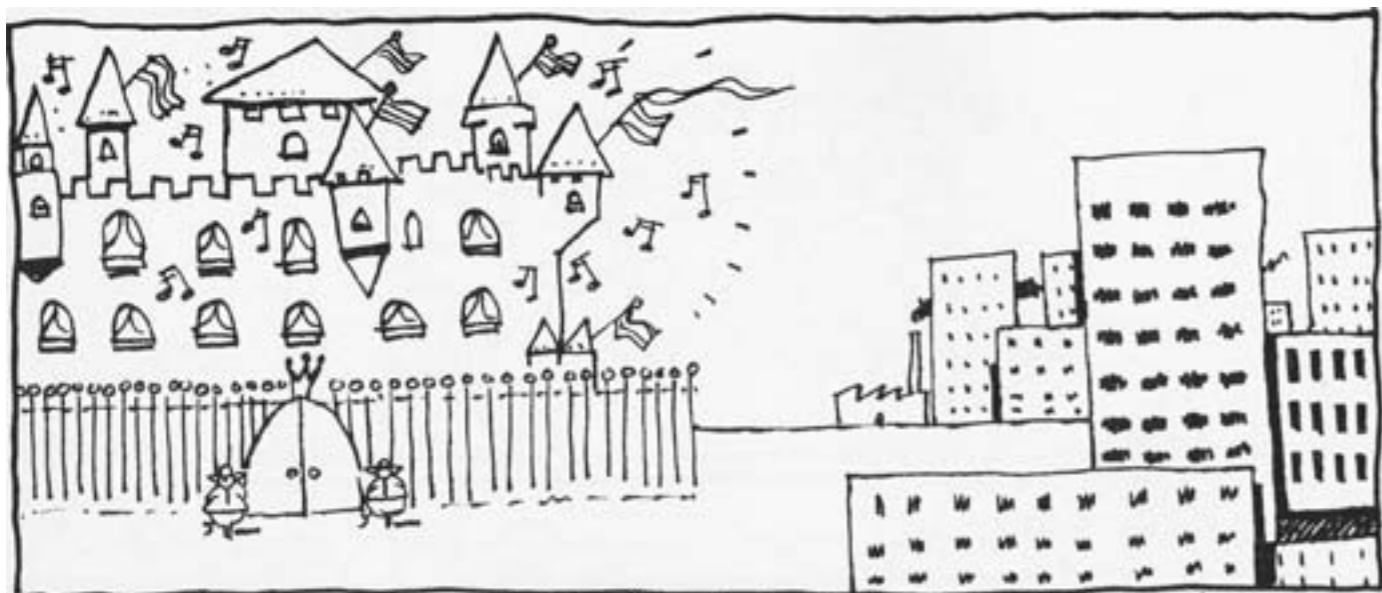

de volgende dag.

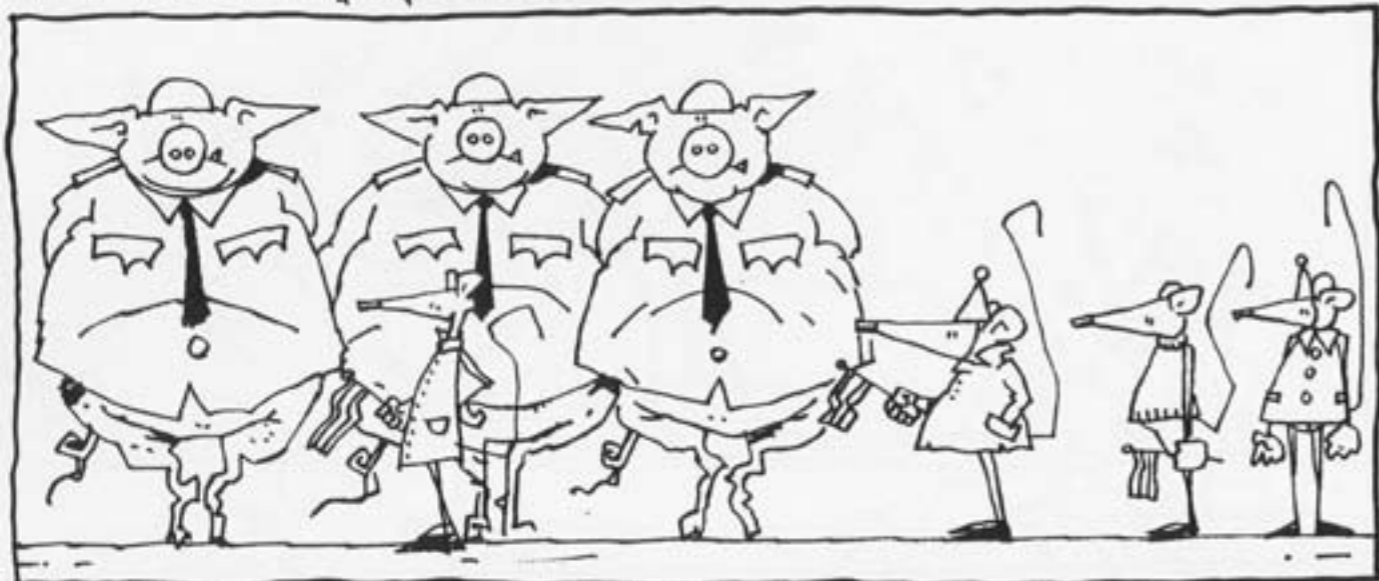

„daar komt de koninklijke stoet!!“

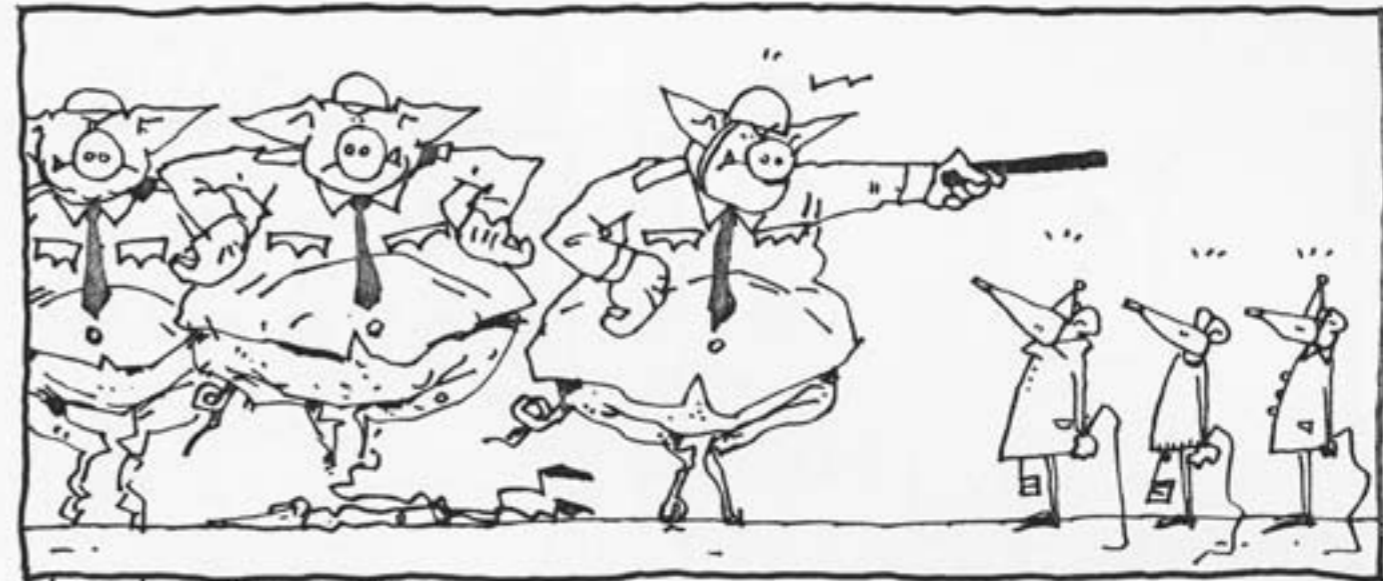

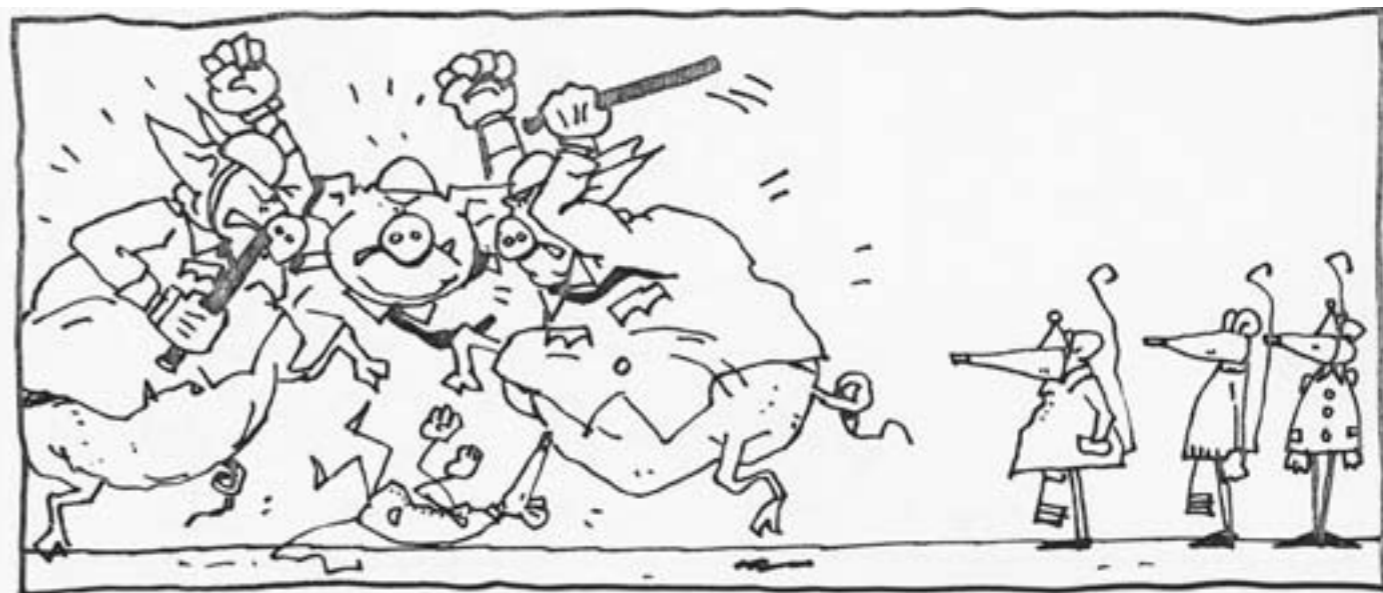

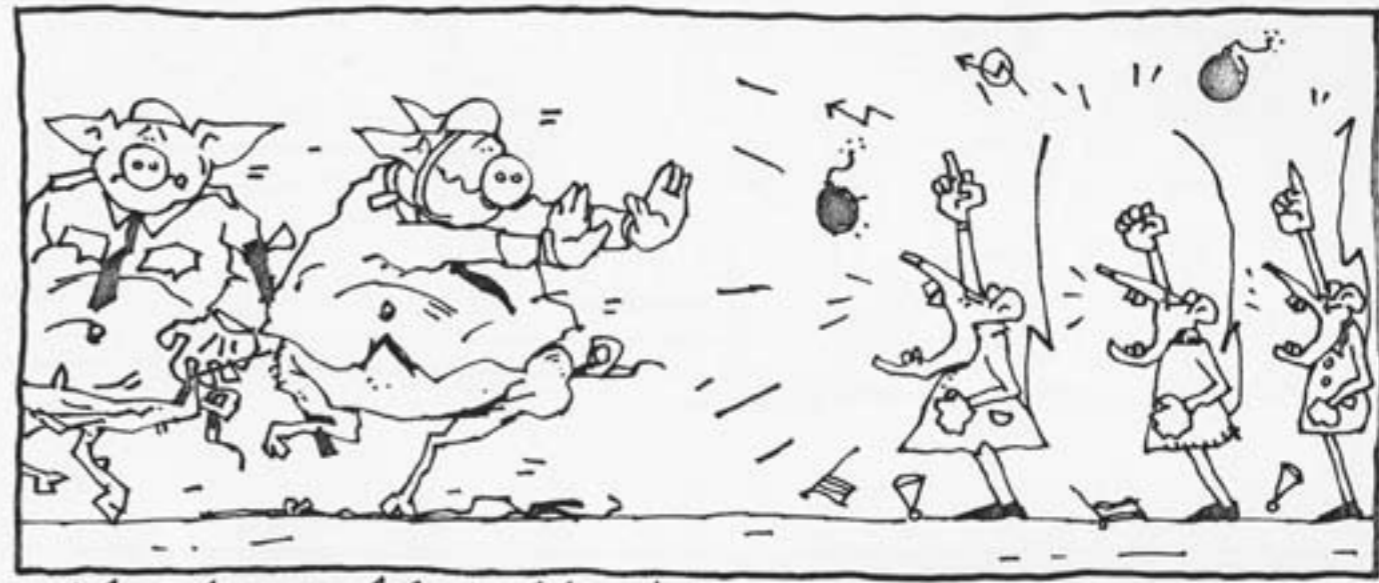

de adembenemende parade viert de inhuldiging verder in 't koninklijk paleis.

"had ik ook maar een mooi huis," droomt een toeschouwer.

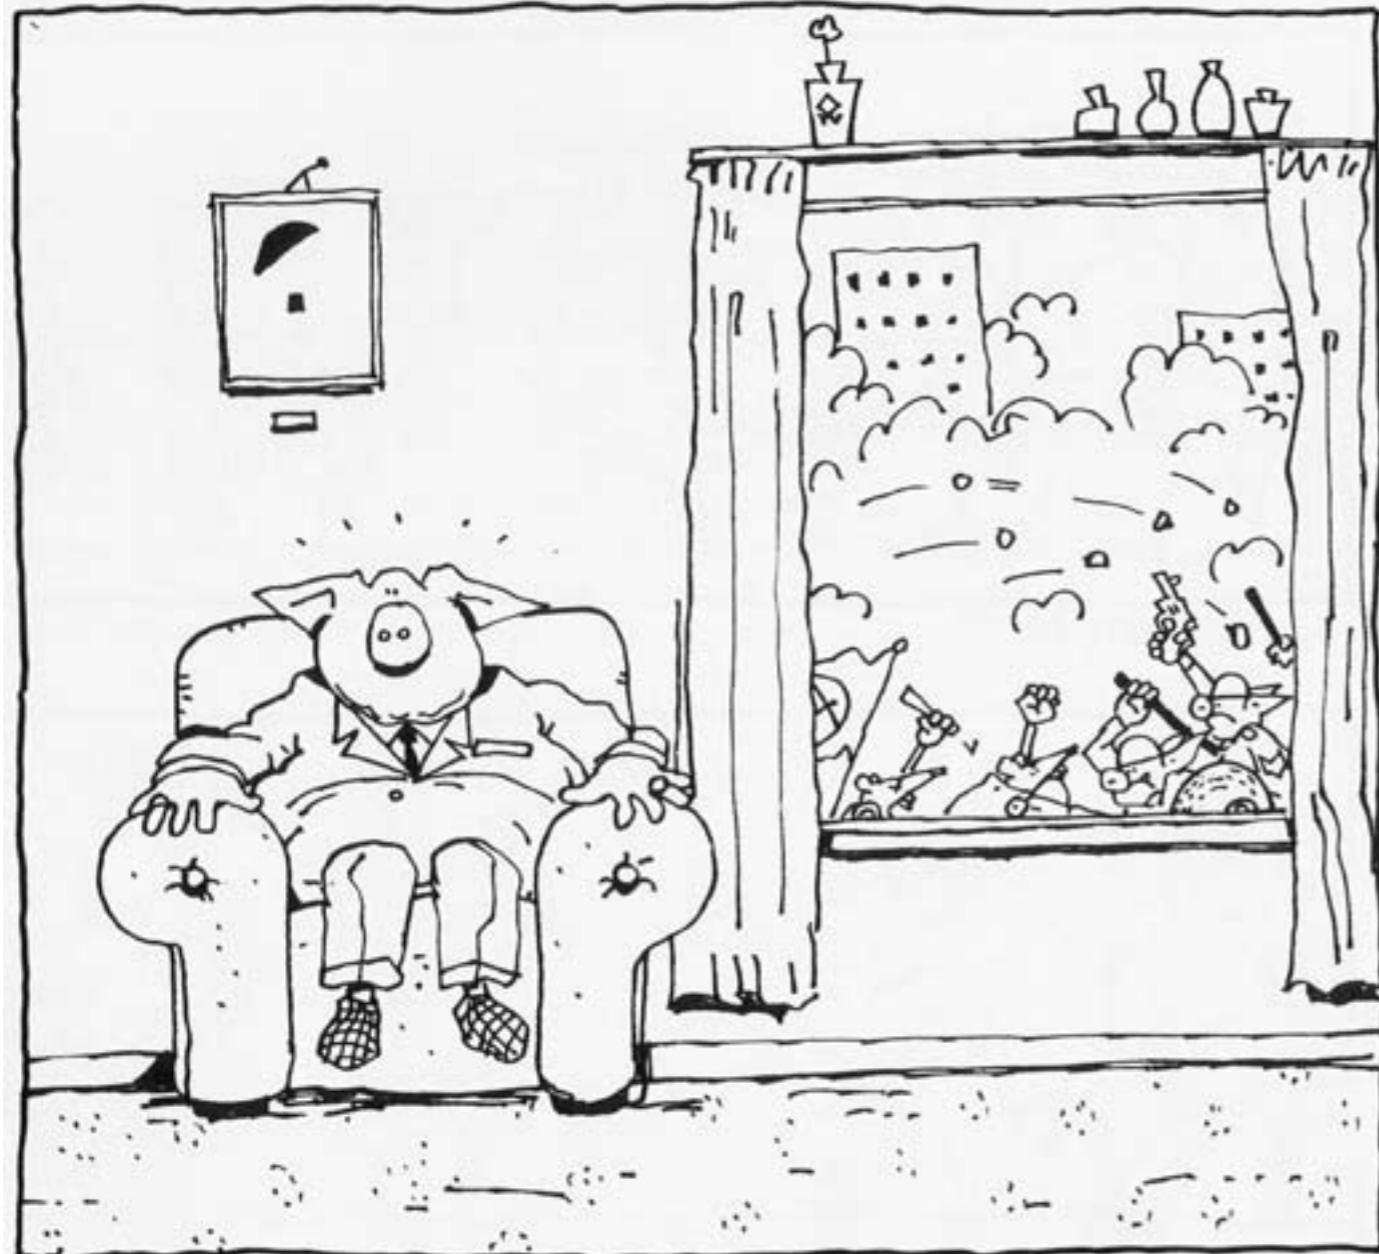

"doorlopen, ja!!"

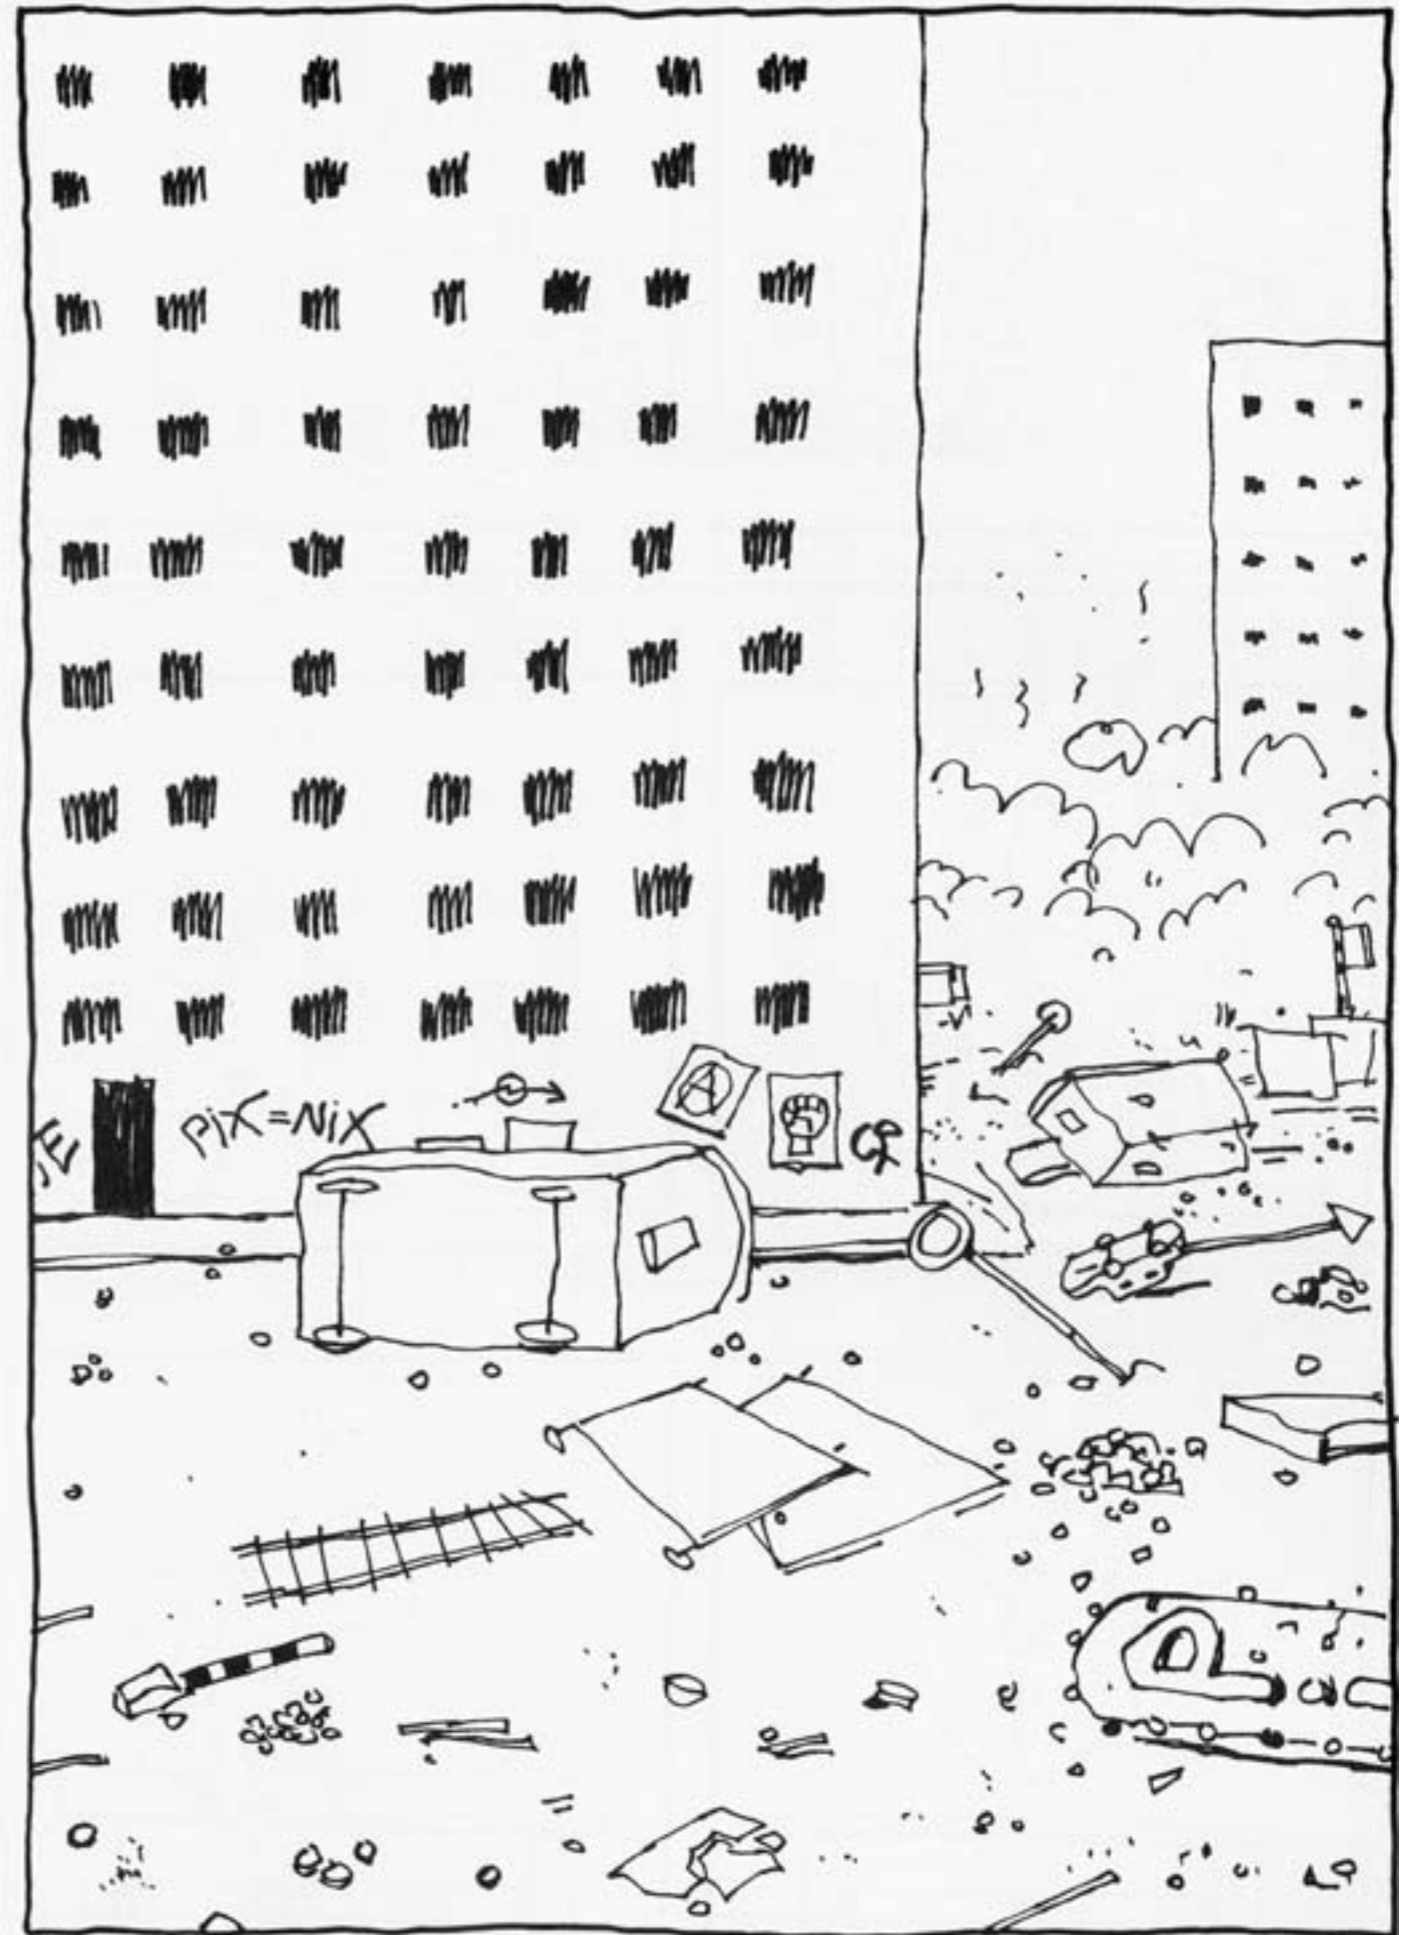

"godverdomme, klootzakken! - we zijn 't zat!!!"

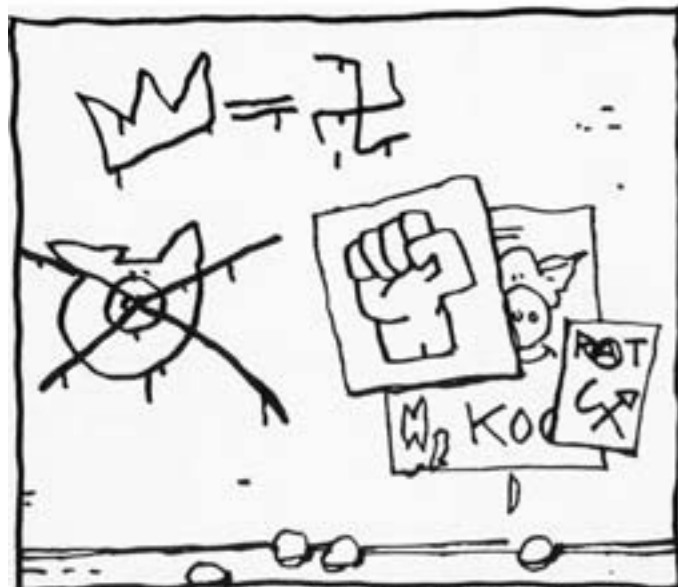

de ratten zetten frustraties om in verzet - eindelijk!

de burgerij schrikt op.

de stad ziet er vanaf die dag heel wat beter uit.

de ratten ontwaken - verzet + creativiteit in plaats van christelijkheid + passief zijn. rat leeft op.

hij rekt grondig af met alle kankerzooi die zijn leven vergaalt.....

zonder strijd geen vooruitgang - en voortaan heette rat; $R \leftrightarrow R \rightarrow R \rightarrow R$!

dat je je verweren moet als je niet wilt ondergaan, dát moet je toch inzien.
